Statement of Supervisor McAteer.

Supervisor McAteer, on the occasion of his final meeting as a member of the Board of Supervisors, expressed his recognition of and gratitude to a number of people who had been helpful to him during his tenure in office. He mentioned specifically his darling wife, Frances, who had been most understanding and cooperative in view of the demands made by his official position, and expressed public appreciation to former Mayor Elmer E. Robinson, who had appointed him to the Board and thereby introduced him to public life. He made specific mention of the fact that the former Mayor had exacted nothing in return and that he had been at all times free to vote in accordance with his personal views of issues presented. Supervisor McAteer also thanked the Volunteers for Better Government, including Gus Knecht and Al Meyer, for their assistance in his election campaign; the Clerk of the Board and members of his staff; Mrs. Kathleen Dolen of the Civil Service Commission; Mr. Lester C. Bush, Superintendent of the Bureau of Building Inspection; Deputy City Attorney Thomas Blanchard, and Assistant City Engineer Lloyd Whaley. He mentioned by name each of his colleagues on the Board and paid tribute to their personal attributes and civic-minded devotion to duty.

Supervisor McAteer referred to the ever-ascending rise in the City and County budget and stressed the need for tightened efforts to control costs and exercise economies. He pointed to the Freeway problem as one of major interest in the immediate years to follow and stressed the need for maintaining the natural beauty of San Francisco as well as observing the integrity of the home as the basic unit of our democracy.

Supervisor McAteer repeated his past expressions to the effect that membership of the Board of Supervisors is presently too large and unwieldy. He believed that the Board should be smaller in number, preferably five, but possibly seven members, with full-time membership and salaries commensurate with those paid to Judges of the Municipal Court.

Supervisor McAteer commented that the Chief Administrative Officer, aside from the incumbent, would function with more responsiveness if his tenure were something less than the virtual life appointment now provided for; and that more properly, said official should serve as the executive officer of the mayor. He also called attention to the proposed new comprehensive zoning ordinance and the charter sections which will become effective upon its enactment. He cautioned the Board that inordinate power in Planning Department employees may result and that the new legislation should be scrutinized very carefully to prevent usurpation of legislative and quasi-judicial functions.

Supervisor McAteer concluded by expressing the hope that the friendships he had made while a member of the Board will always be maintained and that the futures of his colleagues and of all those mentioned above would be abundant with health, prosperity and happiness.

Presentation of Resolution of Commendation to Supervisor J Eugene McAteer.

The President of the Board of Supervisors read and presented an engrossed resolution, adopted at a previous meeting, commending Supervisor J Eugene McAteer on his distinguished service as a Supervisor.

Statement of Supervisor Rolph.

Supervisor Rolph stated that it had been a great pleasure to work with Supervisor McAteer not only on the floor of the Board but as a member with him on the Judiciary and Public Buildings, Lands and City Planning Committee; and that he deeply regretted his leaving, but was certain Supervisor McAteer would continue to work

for the betterment of the City and County as he had for the past five years.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—8.

Absent: Supervisors Dobbs, Ertola, Ferdon—3.

Quorum present.

President Francis McCarty presiding.

Supervisors Dobbs, Ertola and Ferdon noted present at 2:05 p. m.

Approval of Journals.

There being no objection, the Journals of Proceedings for Monday, December 23, and Monday, December 30, 1957, were considered read and approved.

UNFINISHED BUSINESS.

Final Passage.

The following recommendation of Finance Committee, heretofore Passed for Second Reading, was taken up:

Appropriating \$20,000, Public Utilities, San Francisco Airport, for Employment of Legal Counsel for Litigation Against Western Airlines, Inc.

File No. 16454, Ordinance No. 10-58.

The roll was called and the following vote was recorded:

Ayes: Supervisors Blake, Casey, Halley, McCarty, McMahon, Rolph, Zirpoli—7.

No: Supervisor Sullivan—1.

Absent: Supervisors Dobbs, Ertola, Ferdon—3.

Before the actual vote was announced, Supervisor Halley moved that the Board expunge the record insofar as the recordation of the foregoing vote was concerned due to the fact that eight votes might be required to pass the measure. Motion seconded by Supervisor Zirpoli and there being no objection motion *carried*.

At this moment the presence of Supervisors Dobbs, Ertola and Ferdon was noted.

Explanation of Vote.

Supervisor Ferdon stated he saw no reason for changing his negative vote since the Board last considered the pending measure. He did not intend any reflection upon the City Attorney but he believed his office possessed men with sufficient qualification to do the work requested by the ordinance under consideration.

Supervisor Dobbs stated that the City Attorney had appeared before the Finance Committee and requested employment of legal counsel, and that he did not want to shoulder the responsibility of differing with the express desires of the city's legal advisor.

Supervisor Blake stated that in view of the fact that so much money was involved in the proposed litigation, he would vote for the pending measure; however, he wanted it understood that he did not favor the hiring of outside legal counsel, as a matter of policy.

The roll was thereupon called and the measure was *finally passed* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Halley, McCarty, McMahon, Rolph, Zirpoli—8.

Noes: Supervisors Ertola, Ferdon, Sullivan—3.

Upon announcement of the foregoing vote, Supervisor Zirpoli filed with the Clerk the following explanation of his vote, and directed that it be made part of the record:

I should not like to have my vote on this matter interpreted in any way as an indication of the future policy to which I am committed in these matters.

It is my understanding that the litigation involved and pending in the Superior Court of the State of California in and for the City and County of San Francisco and in the United States District Court for the Northern District of California presents an important issue of first impression which will not only affect revenues of the San Francisco International Airport from Western Airlines but will substantially affect future revenues from all carriers using our airport facilities. I am satisfied that the special counsel engaged for this litigation is an exceptionally able trial lawyer and one of the most eminent authorities of the West on Federal Trial Practice. Hence, I feel that extenuating circumstances of sufficient import exist in the present situation to justify the employment of such special counsel and have entered an "aye" vote.

However, I wish it definitely understood that I have complete confidence in the Staff of the City Attorney and that in the absence of extraordinary circumstances clearly requiring the services of special counsel, I am opposed in principle to the practice of retaining special counsel in legal matters in which the City and County of San Francisco is involved.

Respectfully submitted,

Alfonso J. Zirpoli, Supervisor.

Reference to Committee.

Proposing Designation and Development of the Skyline Boulevard as a National Parkway.

Supervisor Blake presented:

File No. 42-58, Resolution No.

Supervisor Blake moved adoption; seconded by Supervisor Ertola.

Objection.

Supervisor Rolph objected, declaring that in his opinion the measure was too broad. He felt the committee should hold hearings on it and invite the representatives of San Mateo and Santa Cruz Counties to participate in the discussions.

The question likewise arose as to whether the route of the proposed national parkway might interfere with the future routing of the Western Freeway. This phase should likewise be discussed in the hearings to be held by the Streets Committee.

Supervisor Blake, speaking on the subject of freeways, called the Board's attention to a meeting held by a state agency recently in the Board's chambers, at which time Mr. Booker of the State Division of Highways expressed the opinion that San Francisco should make its position known as to whether or not it desired to use millions of dollars of available freeway funds for such purposes. He mentioned that confusion still existed with respect to the City's position on the Western Freeway.

Supervisor Blake expressed the opinion that the State Division of Highways should officially notify the City and County regarding possible loss of freeway funds in event it persists in delaying adoption of freeway plans, and further, funds allocated for the Western Freeway should be shifted to other projects in the event the City does not approve the construction of that freeway.

Referred to Streets Committee.

Supervisor Casey announced a meeting of the Police Committee for Thursday, January 23, 1958, at 2:00 p. m.

Board, that a letter commending Lieutenant Al Nelder and the men of his squad for their unsurpassed achievement be transmitted to the Police Commission by the Clerk.

There being no objection, motion *carried*.

McLaren Park Property Purchases.

Supervisor Dobbs, Chairman of the Finance Committee, told the Board he was amazed when he learned that the Real Estate Department required an additional \$281,000 with which to complete land purchases for McLaren Park. He had been under the impression that the last budget had appropriated sufficient funds with which to buy all of the remaining private land. He requested the Director of Property to appear at the next Finance Committee meeting and fully explain this latest request.

File No. 16535-1, Resolution No.

Communication.

The President read a communication from the Acting Clerk of the Board directed to the appellant, advising of the insufficiency of signatures.

Explanation of Parliamentary Situation.

The President explained that if the members of the Board determined that there was not a sufficiency of signatures they must vote against the resolution, but, if on the other hand, they determine that there was a sufficiency of signatures they must vote for the resolution.

Motion for Privilege of the Floor.

Supervisor Ferdon, seconded by Supervisor Dobbs, moved that the privilege of the floor be granted to Mr. Phil Johnson, President of the West Coast Advertising Company.

No objection and motion *carried*.

Discussion.

Mr. Johnson explained that the insufficiency of signatures results from the fact the appellants erred in not securing the signatures of both man and wife in those cases where the property was in joint tenancy, and they had now secured the signatures of all parties of joint tenancy, which had been submitted to the Clerk of the Board. The additional signatures, plus the ones previously submitted, amounted to approximately 30 per cent of the property affected.

Supervisor Ferdon suggested that the matter be continued for a period of one week in order to secure information from the City Engineer as to whether or not the additional signatures were sufficient to qualify the appeal.

The President inquired of the City Attorney as to whether the appellant had sufficient time to secure and submit additional signatures in an effort to perfect the appeal.

Mr. Blanchard, representing the City Attorney, stated that the City Attorney had previously ruled that the appellant has 30 days from the date of the ruling of the City Planning Commission within which to perfect an appeal, otherwise the appeal is not valid.

The President explained that in the absence of any further suggestion he believed the matter should be temporarily postponed, a representative from the City Engineer's office should be requested to appear before the Board to check the additional signatures; also the City Attorney should investigate the matter and advise the Board as to its powers in the subject.

Supervisor Ferdon stated that he was of the opinion that the Board must fix the date for hearing within 30 days and not necessarily initiate the hearing within that time.

There being no objection, the matter was *temporarily postponed pending the checking of the additional signatures by the City Engineer.*

Final Passage.

The following emergency measures, appearing on the Board's supplemental calendar, were taken up:

Appropriating \$5,000, Department of Public Health, Emergency Hospitals, from the Emergency Reserve Fund, for Sick Leave Pay; an Emergency Measure.

Adopted.

The Board resumed consideration of the following legislation heretofore considered and temporarily postponed:

Fixing Date of Monday, January 27, 1958, 2:00 P. M., for Hearing the Appeal from the Decision of the City Planning Commission, Disapproving Application to Change Stipulations Applicable to Property Located on the Southwest Corner of Nineteenth Avenue and Judah Street.

File No. 16535-1, Resolution No. 40-58.

Mr. Blanchard, Deputy City Attorney, stated that the City Engineer had checked the additional signatures and with these there is a sufficiency of signatures to perfect the appeal. A City Attorney's opinion has ruled that the time within which to file signatures is 30 days from the date of action of the City Planning Commission.

There is a question on the original petition, which contains signatures for property held in joint tenancy, where only one signature was secured, whether petitioners should be credited with only 50 per cent of the area of the lot involved. There is a factual question; the Board could give credence to the fact that the original signatures for property held in joint tenancy, where only one party has signed, be considered as consent for both parties.

Explanation of Parliamentary Situation.

The President explained that if the members of the Board find there is a sufficiency of signatures to perfect the appeal they should vote "aye"; if the members find that there is an insufficiency of signatures they should vote "no"; the City Attorney has informed the Board that, if it so desired, it may interpret the signature of one of the spouses in joint tenancy as consent for both.

Supervisor Ferdon, seconded by Supervisor Halley, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—11.

Amending Article 16, Chapter VIII (Police Code) Part II of the San Francisco Municipal Code, Relating to Regulation of Public Passenger Vehicles, by Adding Thereto Section 1078.1, Excepting Airport Ground Transportation Operator from Taxi License Requirements.

File No. 15737, Ordinance No.

Communications.

The Clerk stated that he had the following communications in his possession, copies of which had been supplied each member of the Board:

(1) From the Police Commission, commenting on proposed ordinance exempting San Francisco Airport Taxicab Contractor from permit requirements of the Police Code.

(2) From the Public Utilities Commission, submitting copy of adopted resolution relating to taxicab service at the San Francisco Airport.

The Clerk likewise mentioned that he was in receipt of a letter from the City Attorney, attaching thereto a revised draft of the ordinance under submission. The revision was drafted pursuant to suggestions from Police Commissioner McKinnon. Copy of the revised draft has likewise been supplied the Board members.

No Board action was taken with respect to said revised draft.

Motion to Refer to Committee.

Supervisor Ferdon moved, seconded by Supervisor Zirpoli, that the entire matter be re-referred to the Police Committee for further hearings so that a concrete proposal, embodying the desires of the Police Commission and Public Utilities Commission, may be prepared and readied for the Board's consideration.

Supervisor Sullivan expressed the opinion that agreement could be reached in the Board today.

The President ruled that members of the Board were entitled to seek information from department heads to permit them to arrive at a decision on the pending motion.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Don Fazackerley, President of the Public Utilities Commission. Mr. Fazackerley informed the Board that his Commission had reviewed the existing contract with the Barrett Transportation Company and had contacted the company with the thought in mind of effectuating a rate reduction in accordance with the recommendation of the Board of Supervisors. The Commission received a proposal from the company which it had rejected and had recommended that the Board of Supervisors enact the current measure pending before it, along with certain other amendments.

At this moment, Mr. Fazackerley stated he had just received information that the Barrett people had decided to accede to the proposals of the Public Utilities Commission for a rate reduction.

Supervisor Ferdon objected to Board consideration of the matter at this time, contending that a written agreement modifying the existing contract between the Public Utilities Commission and the Barrett Transportation Company should be executed. The agreement should likewise be reviewed by the Police Commission for their comments. Thereafter, the entire matter should go to the Police Committee for preparation of the necessary legislation.

Substitute Motion.

Supervisor Halley moved, as a substitute, that the pending measure remain on the Board calendar for one week; that each member be requested to study the amendments prepared by the City Attorney at the request of the Police Commission. Motion seconded by Supervisor Casey.

Supervisor Dobbs stated he would go along with Supervisor Halley's substitute motion, although pointing out that he was ready to vote for the measure at today's meeting.

Supervisor Ferdon saw no objection to having the matter remain on the Board calendar for one week instead of being re-referred to committee. He suggested that the Public Utilities Commission meet with the Barrett people in the interim and execute the necessary agreement embodying the proposals advanced by the Public Utilities Commission so that it may be studied by the Board at its next regular meeting.

The roll was thereupon called on the substitute motion and it carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Zirpoli—10.

No: Supervisor Sullivan—1.

Consideration continued one week.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 4794, Disapproving Application for Change in Stipulations Applicable to Property Located on the Southwest Corner of Nineteenth Avenue and Judah Street.

File No. 16535

Privilege of the Floor.

The privilege of the floor was accorded to the following:

Proponents:

Howard Hassard, attorney-at-law, representing the appellant.

Photographs were produced to support the appeal.

Richard H. Wendelt, representing the Sign, Scene and Pictorial Painters Union No. 510.

Opponents:

Hildegard Wahl.

Daisy Faber.

Roger D. Lapham, Jr., President of the City Planning Commission.

Rebuttal time was accorded both sides.

Parliamentary Procedure Explained.

At the conclusion of the hearing, the President informed the Board that it was now in order to vote on the pending measure as follows: A vote "Aye" would disapprove the action of the City Planning Commission and sustain the appeal; a vote "No" would confirm the action of the City Planning Commission and deny the appeal.

Explanation of Vote.

Supervisor Dobbs stated he would vote against the City Planning Commission since his position, dating back some years, has been that Nineteenth Avenue was fast becoming a commercial district. He stated he sympathized with the residents of Nineteenth Avenue but the sooner they realized that the future of the avenue was destined to be a commercial one, the better it would be for all concerned.

Request for Information.

Supervisor Ferdon asked that a letter which he had prepared be sent to the Manager of Utilities inquiring about the status of the Silva Tract in San Mateo County, as well as other parcels of land which come under the jurisdiction of the Public Utilities Commission. He added that it might be a good idea that rather than sell some of the parcels, they be leased so that part of the lease price may be used to pay county taxes.

Letter to be sent to the Manager of Utilities and the matter referred to the Public Utilities Committee.

Information Requested on Proposed Departmental Improvements.

Supervisor Halley stated he was in receipt of a letter from the M. H. DeYoung Memorial Museum, recommending increased budgetary appropriations to take care of specific capital improvements. He suggested that letters be sent to those having jurisdiction over the several departments inquiring if they had plans similar to that of the Museum, and if so, they so inform the Board so that possibly a bond issue could be prepared incorporating all of the various proposed improvements.

Adopted.

Supervisor Zirpoli moved passage; seconded by Supervisor Casey.

Supervisor Zirpoli stated the effect of the proposed legislation would be to keep in effect the residence requirements, and that it is wise to pass this stop-gap legislation.

President McCarty stated that the charter amendment approved by the electorate vested residence requirement responsibility with the Board of Supervisors, and that all residence requirements will be abolished in event the Board does not pass an ordinance dealing with such requirements.

Consideration of Other Matters.

There being no objection, consideration was temporarily postponed to permit introduction of the following matters:

Appearance of Representative of Civil Service Commission.

Mrs. Kathleen Dolen, Supervisor of Wage Schedules and Classifications, appeared on behalf of the Civil Service Commission and proceeded to answer questions propounded by Supervisor Ferdon.

Amendment.

Supervisor Dobbs stated he preferred to have a limitation placed in the ordinance and thereupon moved, seconded by Supervisor Halley, that the proposed measure be amended to provide that it shall continue in effect for a period of eight weeks.

Deputy City Attorney Thomas Blanchard declared that he could see no objection to the proposed amendment.

Supervisor McMahon expressed the opinion that if the measure is to provide a stop-gap legislation it should contain a definite limitation.

Substitute.

Supervisor Dobbs moved as a substitute that the following language be inserted at the end of the measure: "This ordinance shall remain in effect only through April 7, 1958, unless sooner amended or repealed." Motion seconded by Supervisor Halley.

Supervisor Ferdon objected to the substitute motion, contending that in view of its emergency nature it should not contain any specific limitation.

Noes: Supervisors Ertola, Ferdon, McCarty, Sullivan, Zirpoli—5.

(Located at 2098 Ocean Avenue, 1632 Oakdale Avenue, 1757 Waller Street and 109 Oak Street. Two of the properties, the one on Oakdale and the other on Waller are surplus and will be sold.)

There being no objection, consideration of the foregoing measure was temporarily postponed pending attendance of the Director of Property.

Presentation of Guests.

The President announced that the Senior Boys' and Girls' Classes of St. Cecelia's Parochial School were in attendance with their teachers, and invited the Class Presidents to sit on the dais.

Passage for Second Reading.

The following measure, called from Police Committee by former Supervisor McAteer, was taken up:

Amending Article 16, Chapter VIII (Police Code) Part II of the San Francisco Municipal Code, Relating to Regulation of Public Passenger Vehicles, by Adding Thereto Section 1078.1, Excepting Airport Ground Transportation Operator from Taxi License Requirements.

File No. 15737, Ordinance No.

(Exempts operator from provisions of Sections 1075, 1076, 1077 and 1078 of the Police Code. Applies only when operator is carrying passengers from any point within the City and County of San Francisco to the San Francisco International Airport as the sole and only destination.)

Substitute Legislation Presented.

The Acting Clerk stated that a revised measure was presented last meeting, copies of which were made available to the members of the Board, and preliminary introduction of which has never been made.

Motion.

Thereupon Supervisor Dobbs presented the following proposed legislation, together with Public Utilities Commission Resolution No. 17,878, adopted in the matter of a supplemental agreement executed with Barrett Transportation, Inc., amending existing Ground Transportation Contract, particularly as it affects taxicab operation, and moved that said legislation, File No. 15737-2, be substituted for File No. 15737; seconded by Supervisor Sullivan:

Substitute Legislation.

Amending Article 16, Chapter VIII (Police Code), Part II, San Francisco Municipal Code, Dealing With the Regulation of Public Passenger Vehicles, by Adding Thereto Section 1078.1, Authorizing Special Permit and Regulating Airport Ground Transportation Operator.

File No. 15737-2, Ordinance No.

Committee of the Whole.

Supervisor Halley moved, seconded by Supervisor Casey, that the Board now resolve itself into a Committee of the Whole, in order to give those in opposition to and in favor of the matter an opportunity to present their views before the Board of Supervisors.

Discussion.

Supervisor Dobbs objected to the Board resolving itself into a Committee of the Whole, because the matter has been thoroughly discussed several times in the Board as well as in Committee, and that the new legislation met all the opposition heretofore expressed.

Supervisor Casey stated that the lowering of rates is wrong and that this type of legislation making an amendment to a contract is vicious, and that when the matter is taken into the hands of the Board he would explain why the Police Committee tabled the matter.

Supervisor Ferdon felt that there was no need for sitting as a Committee of the Whole; that representatives of the Police Commission and the Public Utilities Commission were present, and that the issue could be resolved by the Board.

Supervisor Halley stated that he wanted to get the public's viewpoint and any new information available.

Thereupon the roll was called, and the motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McCarty, Rolph—6.

Noes: Supervisors Dobbs, Ferdon, McMahon, Sullivan, Zirpoli—5.

Privilege of the Floor.

The Chair inquired whether anyone in the audience wished to speak in favor of the substitute legislation.

No one responded. He reiterated his question. Again no one responded.

Supervisor Halley inquired if anyone were in the audience representing the Barrett Transportation Co.

Supervisor McMahon rose to a point of order to inquire whether it was necessary to require anyone to speak on the subject.

The privilege of the floor was extended to the following:

Proponents:

E. J. Barrett, Secretary, Barrett Transportation Co.

Mr. Barrett was interrogated by Supervisor Halley with regard to the number of cabs that would be in operation, and he replied that for the present 50 cabs would be in use, and the need for additional cabs would depend on the future demand by the public. In answer to the query as to whether the present setup was a profitable one for the Barrett Co., he stated that the present operation is profitable.

Opponents:

Newman Cohn, representing the Chauffeurs' Union, stated that the fare reduction of \$1.00 would reduce the take-home pay of the taxi drivers; and that the public had not complained with respect to the service or the fare.

Lloyd Ackerman, Counsel for the Yellow Cab Company, contended that the Police Department would be unable to prevent violations because it could not control the taxi drivers.

Motion to Rise and Report.

Supervisor Sullivan moved that the Committee of the Whole now rise and report. Motion seconded by Supervisor Halley and *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—11.

Privilege of the Floor.

The privilege of the floor was granted to the following:

Mr. Don Fazackerley, President of the Public Utilities Commission, who stated that passage of the substitute legislation would put an end to a "ridiculous" situation of having Barrett cabs return to the Airport empty, and would be of benefit to the traveling public because of the reduction of fare.

Mr. Al Arnaud, representing the Police Department, who stated that the Police Commission has no objection.

Motion.

Supervisor Halley expressed the opinion that in the interest of good policing, the number of cabs used by Barrett should be limited to sixty. He thereupon moved that a provision be made in paragraph (b) of the proposed ordinance to place the total number of cabs at sixty.

Motion *failed* for lack of a second.

Statement of Supervisor Casey.

Supervisor Casey stated that the removal of the dismissal charge of \$1.00 is not a reduction in the rate; that all taxicabs are entitled to the dismissal charge for crossing a county line, and returning empty to their own county; that the elimination of the dismissal charge is a breach of contract; that the "ridiculous" situation existed when

the contract was signed on April 18, 1954, and has confronted the Barrett Transportation Co. ever since; that they, Barrett Co., are operating at a loss and that relief is being sought through the proposed ordinance; that it was his unalterable conviction that the contract signed by the Barrett Transportation Co. should continue until its expiration, otherwise other city departments would come to this Board for relief in their contracts with other concerns; that personally, he contends that this is vicious and bad legislation, and hoped that the matter would be defeated.

Opinion Requested.

The following requests for opinion of the City Attorney were made by Supervisor Halley:

(1) Can the terms of a prospective ordinance, as referred to in a contract, be given binding legal affect?

(2) Where, as in the instant case, an ordinance is enacted which permits the modification of an existing contract, and subsequently such ordinance is repealed, is the original contract revived in its entirety as it existed prior to the modification, or must a new contract be entered into?

(3) If the Airport taxicab operator incurs a detriment pursuant to the modified contract, e.g., purchases additional equipment, may the City subsequently during the term of the contract revert to the terms of the original agreement?

(4) Is it necessary or desirable that the modified agreement contain a clause which will permit the parties to re-adopt the terms of the original agreement should the Board of Supervisors repeal the ordinance pursuant to which the original agreement was modified?

(5) Is there a possibility that the City will incur liability because of the fact that the successful bid of the Barrett Transportation Company for the Airport taxicab concession was asked for and predicated upon operation solely from the Airport to San Francisco, which may have dissuaded potential bidders from entering bids, whereas the subsequent modification will permit operation of taxicabs both from the Airport to San Francisco and from San Francisco to the Airport?

Motion to Amend.

Thereupon, the roll was called on the motion to amend File No. 15737 by substituting File No. 15737-2 therefor, and it *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, McCarty, McMahon, Rolph, Sullivan, Zirpoli—8.

Noes: Supervisors Casey, Ertola, Halley—3.

Thereupon the roll was called on the foregoing measure, as amended, and it was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, McCarty, McMahon, Rolph, Sullivan, Zirpoli—8.

Noes: Supervisors Casey, Ertola, Halley—3.

Presentation of Distinguished Visitors.

The Chair announced the presence of two distinguished visitors who had been in attendance during the Board's meeting, and asked each to address the Board.

First he introduced Supervisor Chet Stanley, President of the Alameda County Board of Supervisors, and President of the County Supervisors Association of California.

Secondly, Bill MacDougall, Executive Secretary and Director of the County Supervisors' Association of California.

Both spoke briefly to the Board, each invited the members to attend the Central Coast Association meetings, and special meetings of the County Supervisors Association to participate in problems affecting Bay Area counties.

Resumption of Matter Temporarily Postponed.

The Board resumed consideration of the following matter heretofore temporarily postponed:

Final Passage.

Appropriating \$15,000, Fire Department, from the Emergency Reserve Fund, for Razing of Old Fire Houses; an Emergency Measure.

File No. 138-58, Ordinance No. 94-58.

(Located at 2098 Ocean Avenue, 1632 Oakdale Avenue, 1757 Waller Street and 109 Oak Street. Two of the properties, the one on Oakdale and the other on Waller are surplus and will be sold.)

Discussion.

The Director of Property answered queries to the satisfaction of several members of the Board regarding a breakdown of the costs involved for the razing of each of the four buildings referred to.

Thereupon, the roll was called on the foregoing measure, and it was *finally passed* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisors Blake, Ertola—2.

The following recommendation of Joint County, State and National Affairs and Finance Committee was taken up:

(*Supervisors Dobbs and McMahon dissenting.*)

Authorizing His Honor the Mayor to Appoint a Full Time Federal Legislative Representative.

File No. 12852, Resolution No.

Discussion.

Supervisor Ferdon contended that a full time Federal Legislative Representative would be of invaluable benefit to the City and County in negotiating with the Federal Government for redevelopment projects, new shipbuilding allocations, airport development and return of Federal lands to the tax roll.

Supervisor Halley stressed the need for the full time Federal Legislative Representative, reciting the benefits which redounded to the City and County under former Federal Legislative Representatives, i.e., Cherry Valley project, the Airport bonds, return of Fort Funston lands to private ownership, etc.

Supervisor Dobbs, speaking for the minority in opposition to a full time Federal Legislative Representative, pointed to the lack of enthusiasm on the part of the Mayor, the City Attorney and the San Francisco Chamber of Commerce. He indicated that a top man would cost the City between \$80,000 and \$100,000, and felt that such an expenditure was just out of the question for the City at this time, especially since there is nothing of particular moment to require the services of such a man in Washington, D. C., at this time.

Supervisor McCarty argued for a part time Federal Legislative Representative, citing the record of a former part time Federal Legislative Representative.

Supervisor Blake felt that a full time Federal Legislative Representative in Washington, D. C., is necessary in order to help our Congressmen and Senators because their work prevents them from full participation in many important projects, and stated that several counties, Los Angeles and San Diego, as well as the City of Vallejo, have full time representatives in Washington, D. C.

The roll was thereupon called on the foregoing measure, and it was adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, Rolph, Sullivan, Zirpoli—8.

Noes: Supervisors Dobbs, McCarty, McMahon—3.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, FEBRUARY 24, 1958—2:00 P. M.

In meeting of Board of Supervisors, San Francisco, Monday, February 24, 1958, 2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, Sullivan, Zirpoli—10.

Absent: Supervisor McCarty—1.

Quorum present.

President Pro Tem. Clarissa Shortall McMahon presiding. (See below.)

Appointment of President Pro Tem.

Supervisor Halley moved, seconded by Supervisor Ferdon, that Supervisor McMahon be appointed as President Pro Tem.

No objection and motion *carried*.

Approval of Journals.

There being no objection, the Journals of Proceedings for Monday, February 3 and Monday, February 10, 1958, were considered read and approved.

President Francis McCarty Excused.

There being no objection, President McCarty was excused from Board attendance due to illness.

Communication from the Mayor Re Appointment of Legislative Representative at Washington, D. C.

The Clerk read a communication from the Mayor returning unsigned a resolution adopted by the Board authorizing him to appoint a full-time Federal Legislative Representative, and asking that the picture be clarified with respect to the amount of funds which will be necessary to pay for the services and expenses of such representative.

Motion.

Supervisor Ferdon moved, seconded by Supervisor Sullivan, that the entire matter be held in the hands of the Board until the time has expired within which the Mayor can either approve or disapprove the measure, and that the Mayor be apprized of the Board's action.

Supervisor Rolph termed the whole thing nebulous, pointing out that information must be ascertained with respect to such details as necessary office space, additional personnel, office equipment, etc. He expressed the belief that the Board of Supervisors should appoint a committee to determine just what is needed.

Substitute Motion.

Supervisor Rolph thereupon moved, as a substitute motion, seconded by Supervisor Dobbs, that the matter be referred to a Joint County, State and National Affairs and Finance Committee to discuss and establish patterns. The committee should likewise consider a man who resides in Washington, D. C., and who is familiar with San Francisco's problems.

Deputy City Attorney Thomas Blanchard advised that the Chief Executive still had time to either approve or disapprove the measure, and suggested that it be remanded to the Mayor.

Supervisor Ferdon asked for a ruling on the substitute motion.

The Chair ruled the substitute motion in order, declaring that the Board cannot assume that the Mayor disapproved the legislation unless such action is indicated by his own handwriting. He has not only sent the legislation back but the entire subject matter as well.

Supervisor Ferdon explained that the resolution adopted by the Board is similar to the one by which the Mayor hired the Sacramento Legislative Representative. He felt that the action of the Mayor in returning the resolution unsigned was an evasion of responsibility, and that its return to the Mayor is sound. He further felt that the Sacramento Legislative Representative is the proper party to inform the Mayor with respect to details of contract for a Washington representative, and hoped that the pending motion would be defeated.

Supervisor Zirpoli stated it was up to the Mayor to either approve or disapprove the measure and, if approved, to carry out the responsibilities embodied in it.

Supervisor Blake hoped that the motion would be defeated. He declared that if the matter were referred to the joint committee, irreparable harm would be done.

Supervisor Zirpoli asserted that the proper time to take care of details would be after the measure had been approved, and then such action should be taken by the Finance Committee.

At this juncture the Clerk of the Board advanced the information that the resolution was not formally before the Board in that it had already completed its legislative action but that the Mayor had not as yet used up the allotted time, under the charter, within which to either approve or disapprove it, and that the only thing the Board had before it formally was the letter from the Mayor on the subject.

The President thereupon referred the letter to the joint committee of County, State and National Affairs and Finance.

Supervisor Ferdon asked for a clarification of parliamentary procedure.

The President noted that the letter from the Mayor was being referred to the joint committee and not the resolution.

Supervisor Dobbs asked for a clarification of the situation. Deputy City Attorney Thomas Blanchard stated that in his opinion the subject resolution should be returned to the Mayor since he has a few days within which to either approve or disapprove it.

Supervisor Ferdon suggested the Board vote down the substitute motion to refer the entire matter to committee. If it fails, the Board could then vote on the question of holding the matter in abeyance.

The President stated the resolution was not before the Board; that the Mayor still has jurisdiction over it, and all the Board has before it for consideration is the letter.

Supervisor Ferdon declared that since the President has ruled the substitute motion is in order, the Board should vote on it.

Supervisor Halley moved, as a second substitute, that the letter be sent to the Joint Committee of County, State and National Affairs and Finance. Motion seconded by Supervisors Ferdon and Zirpoli, and lost by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, Zirpoli—5.

Noes: Supervisors Dobbs, Ferdon, McMahon, Rolph, Sullivan—5.

Absent: Supervisor McCarty—1.

Deputy City Attorney Thomas Blanchard again advised the Board that the resolution was not properly before the Board since the Mayor still has time within which to either approve or disapprove it.

Restatement of Substitute Motion.

Supervisor Rolph again restated his substitute motion, to wit: That the entire contents of the Mayor's letter and the subject matter of the resolution adopted by the Board last week be referred to the Joint County, State and National Affairs and Finance Committee. The Mayor could then be requested to present his views to the joint committee.

The President ruled the substitute motion out of order because the City Attorney had ruled that the resolution was not properly before the Board.

Motion Restated.

Supervisor Ferdon restated his original motion, that the resolution be sent back to the Mayor and that his letter be kept in the hands of the Board until the Mayor either approves or disapproves the measure. Motion seconded by Supervisor Sullivan.

Substitute Motion.

Supervisor Rolph moved, as a substitute that the entire subject matter, including the Mayor's letter, be referred to the Joint County, State and National Affairs and Finance Committee. Motion seconded by Supervisor Dobbs.

The President again declared that the resolution is not in the hands of the Board until the Mayor either approves or disapproves it.

The roll was thereupon called on the substitute motion of Supervisor Rolph and it lost by the following vote:

Ayes: Supervisors Dobbs, Rolph—2.

Noes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McMahon, Sullivan, Zirpoli—8.

Absent: Supervisor McCarty—1.

Substitute Motion.

Supervisor Dobbs moved as a substitute for the purpose of clarity that the Board return the resolution to the Mayor for either approval or disapproval; and that the Board withhold action on the letter pending the Mayor's action on the measure. Motion seconded by Supervisor Ferdon, who stated that it was in essence the identical motion he had made, and that he would accept Supervisor Dobbs' restatement of it, and carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, Sullivan, Zirpoli—10.

Absent: Supervisor McCarty—1.

The Clerk directed to return the measure to the Mayor and the letter from the Mayor to be held in the hands of the Board until the Mayor acts on the measure.

SPECIAL ORDER—2:00 P. M.

Reference to Committee.

Hearing of Protests—Improvement of Holladay Avenue Between Faith and Mayflower Streets, Including the Intersections of Holladay Avenue at Joy Street and Esmeralda Avenue.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the assessment, diagram or warrant, for pay of the cost of the same, or in any property affected thereby: Improvements of Holladay Avenue between Faith and Mayflower Streets, including the intersections of Holladay Avenue at Joy Street and Esmeralda Avenue, by Charles L. Harney, Inc., as described in Declaration of Intention, Order No. 48687 of September 21, 1956, of the Department of Public Works.

File No. 11366

Privilege of the Floor.

The privilege of the floor was accorded to Attorney James M. McCabe, representing the protestants, Ray T. and Madeline Burke.

Mr. McCabe pointed out that his clients owned land that does not front on a public street on which an assessment is levied, and since his clients do not have a right of access to the street, he felt that the assessment levied was unreasonable.

Mr. Lloyd Whaley, representing the Department of Public Works, spoke of the funds advanced by the city and recommended that the assessment be confirmed and protest overruled.

After further discussion, Supervisor Ferdon moved, seconded by Supervisor Sullivan, that the entire matter be referred to the Streets Committee for further review, and that adjoining property owners be informed of the meeting. Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, Sullivan, Zirpoli—10.

Absent: Supervisor McCarty—1.

Referred to Streets Committee.

I offer all requests, supported by necessary data filed with this Board, for adjustment in the schedule of compensations set forth in the Salary and Wage Survey of the Civil Service Commission dated February 7, 1958, as proposed amendments to said schedule of compensations. I move that the data presented to and considered by this Board as warranting such proposed amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board, together with a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

File No. 130-58, Resolution No.

Supervisor Dobbs, Chairman of the Finance Committee, informed the Board that insufficient information on the bond issue precluded the members of the committee from recommending the legislation for submission to the voters.

Substitute Motion.

Supervisor Dobbs moved, as a substitute, that the pending measure be re-referred to committee for further consideration. Motion seconded by Supervisor Halley.

Report Read.

At the request of Supervisor Rolph, the Clerk read a report prepared by the Finance Committee on the various meetings held on the bond issue.

Discussion.

Supervisor Blake stated the bond issue was of such importance that he favored its submission for the June election.

Mrs. Charles B. Porter, a member of the City Planning Commission, expressed the opinion that the required information desired by the Finance Committee could be made available for use by the Registrar of Voters in time for mailing to the electorate.

Supervisor Halley called the Board's attention to the charter provision which makes it mandatory for the Controller to furnish information as to whether the submission of any proposition to the electorate will increase the cost of city government or in any way affect the tax rate.

Controller Harry D. Ross told the Board that he was charged with the responsibility of informing the voters as to the cost and effect of the proposed bond issue; however, with respect to the pending issue, he had been unable to acquire the necessary information in sufficient time to assure its submission at the June election.

The roll was thereupon called and the motion to re-refer the measure to the Finance Committee *carried* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, Zirpoli—8.

It is the unanimous recommendation of your Finance Committee that such proposed amendment to the administrative provisions of the Salary Standardization Ordinance be adopted.

Schedule of Compensations: With respect to the schedule of compensations, the Finance Committee presents a unanimous recommendation for adoption as reported by the Committee.

Miscellaneous employees of the City and County of San Francisco number 9,013 and are divided into 711 classifications.

Taken Up Out of Order.

There being no objection, the following measures were taken up out of order.

Passage for Second Reading.

The following recommendation of Judiciary Committee was taken up:

(Supervisor Casey dissenting in part.)

Providing Residence Requirements for Applicants and Occupants of Offices and Positions in the Service of the City and County; Repealing Ordinances Nos. 61-58 and 103-58.

File No. 43-58, Ordinance No.

Supervisor Zirpoli explained that the proposed residential requirement for applicants for entrance ranks in the uniformed force of the police department is five years' residence within the State; and employees who are living outside the city, without proper authority, would have until June 30, 1959, to move back to San Francisco.

Supervisor Casey in explaining his dissent with respect to the 5-year state residence requirement stated that he believed that there was something very basic involved. Applicants have been required to live in San Francisco for five years and they know the city. A method with reference to applicants was pursued over the years that has proved to be very successful and it should not be changed at this time. Applicants for this particular job should have at least five years' acquaintance with our City because of the nature of police work. Information received from people who assist in the training of policemen indicated a better check can be secured on applicants who have lived in San Francisco for at least five years.

Supervisor Casey, seconded by Supervisor Halley, moved that Section 2, Subsection a, be amended to provide for five years' residence in San Francisco for applicants for the San Francisco Police Department.

Supervisor Halley stated that a charter amendment had been passed granting the Board of Supervisors authority to establish, by ordinance, residential requirements for employees of the City. It was done for the reason of economics. At the present moment unemployment is increasing. The position of police officer is becoming very attractive; it is a position that is well paid. It is possible that we could experience what has occurred in the past where at one time there were 2,700 applicants to take the examination, when it was brought to the attention of the people that we were going to hire 700 policemen. By extending it to the State you are going to permit non-residents to compete with people who live in San Francisco.

Supervisor Zirpoli remarked because the committee could see no logic in the statement that there would be an increased deficiency by enlarging the base from which applicants could be chosen, he recommended that the proposed amendment be defeated.

Supervisor Rolph stated that the police department had made this recommendation and they have been confirmed in their point of view by the Civil Service Commission that there has been a problem in recruitment in order to keep the police department at its proper strength. Matter comes with the recommendation of the committee after approximately two years' deliberation by the Police Commission and Police Department. The residential requirements offer a compromise between the two different points of view, one of which was for city residence and the other for country-wide residence.

Chief Ahern explained the difficulty the police department was encountering in securing police officers to fill the existing vacancies, and that he believed with the enlargement of the area from which applicants could be secured there would be more applicants for the examination.

Supervisor Ertola remarked that he would vote for the amendment because if other cities were having trouble in recruitment he did not see how San Francisco could expect to get additional applicants from those areas.

Supervisor McCarty explained that from the evidence submitted it was evident that the police department had a recruitment problem which should be alleviated.

Motion *defeated* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley—4.

Noes: Supervisors Dobbs, Ferdon, McCarty, McMahan, Rolph, Sullivan, Zirpoli—7.

Supervisor Halley stated that it was obvious that during the several years when police officers were living out of San Francisco it was well known to their superior officers. There are a number of police officers living outside of San Francisco. They most likely have a small equity in their homes and by compelling them to sell and move back to San Francisco by 1959 we might be working a hardship on them. They might not be able to get their money out of their houses.

Supervisor Halley, seconded by Supervisor Sullivan, moved that Section 10 be amended by changing the date of 1959 to 1963.

Supervisor Zirpoli explained that it was because of the existing hardships that the committee decided to fix the time at June 30, 1959.

Supervisor Dobbs remarked that he was going to vote with the committee recommendation inasmuch as police officers who were living out of town without permission were violating the law and he did not believe the violation should be compounded.

Supervisor McCarty stated that he believed that the motion should be changed to 1960 instead of 1963.

Supervisor Halley requested permission to withdraw his motion.

No objection and request *granted*.

Supervisor Halley, seconded by Supervisor Sullivan, moved that the legislation be amended as to Section 10 thereof by changing the date of 1959 to 1960.

Supervisor Ferdon stated that if the period is set back year by year these people would practice dilatory tactics for reasons of their own. Inasmuch as the majority of the city employees abide by the residential rules a special few should not have any further extension of the time limitation.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McCarty, Sullivan—6.

Noes: Supervisors Dobbs, Ferdon, McMahan, Rolph, Zirpoli—5.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahan, Rolph, Sullivan, Zirpoli—11.

Ordered Submitted.

The following recommendations of the Joint Judiciary and Finance Committee were taken up:

(*Supervisor Halley dissenting.*)

Charter Amendment—Amending Sections 35, 35.3, 35.4 and 35.5 and Adding Section 35.5.3, to Provide in the Police Department for Retitling of Certain Existing Positions, Establishing New Positions and Providing for Determination of Compensation of Said Positions.

File No. 140-58.

Supervisor Halley said that he was dissenting because the proposed charter amendment did nothing more than create new positions and increase the salaries of the positions. He was opposed to the matter on the basis that he believed it to be detrimental to civil service procedure.

Supervisor Dobbs remarked that the City has just paid for a report on the administration of the police department and that report recommended the creation of certain additional jobs; in addition the Chief of Police has also completed his own report on the department and the proposed charter amendment is a composite of the recommendations contained in the report of Bruce Smith and that of Chief Ahern.

Supervisor Ferdon inquired of Chief Ahern whether or not he would commit himself to creating only one new position if the charter amendment was approved by the people.

Chief Ahern replied that that was correct.

Ordered submitted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McCarty, McMahon, Rolph, Sullivan, Zirpoli—10.

No: Supervisor Halley—1.

Ordered Submitted.

(Supervisor Halley dissenting.)

Charter Amendment—Adding Section 36.3 to Provide Rates of Compensation for the Chief and Deputy Chief of the Fire Department.

File No. 193-58.

Supervisor Halley remarked that he had to dissent on this matter because he did not believe that this was the way to secure an increase in salary, but inasmuch as the police department charter amendment was ordered submitted he would withdraw his dissent.

No objection and request *granted*.

Ordered submitted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—11.

Adopted.

The Board considered out of order the following items relating to the proposed baseball stadium at Bay View Park:

Approving and Accepting Terms and Conditions of Financial Assistance from San Francisco Stadium, Inc., for Acquisition and Construction of a Municipal Recreation Center and a Related Public Off-Street Parking Facility; Directing Preparation of Legal Documents; and Designating the Area in the Vicinity of Bay View Park as the Site Therefor.

File No. 250-58, Resolution No. 234-58.

Supervisor Dobbs explained the nature of the proposal in detail, including the financial obligations of the city, the revenues it would derive, the length of the lease, the type of stadium that would be constructed, the seating arrangements, the installation of radiant heating pipes throughout the stadium and the type of windbreak to be constructed.

Supervisor Dobbs concluded by saying that the City Attorney was in the process of preparing the leases which are to be signed. The committee made it mandatory that the proposals be reduced to legal documents for approval as to final terms. There were no objectors, relative to the financing aspect of the proposal, before the Finance Committee.

Supervisor Halley stated that although the City had been informed that the franchise has been transferred to San Francisco, the City does not have any commitment from the Giants. There is no tangible value except that they will play a season or two in San Francisco and could then move to another city. The City does not have a firm lease with the people who are supposed to furnish the money and he believed that there should be a signed lease with the owners of the Giants stating that they will play here.

Supervisor Halley inquired of Deputy City Attorney Jerome Cohen as to whether or not the resolution would bind the City and County of San Francisco if the conditions were not set forth in the legal document which is to be signed at a later date.

Mr. Cohen replied that the resolution provides that there will be legal documents prepared before the conditions will have any effect, and therefore the resolution itself does not have a binding effect upon the City and County.

Supervisor Halley, seconded by Supervisor Dobbs, moved that the City Attorney prepare an amendment to the legislation to provide in essence that the resolution shall not be effective until such time as the National Exhibition Company shall enter into a leasehold agreement with the San Francisco Stadium Incorporated, that the Giants shall play baseball in San Francisco for a period of 35 years, which agreement shall be satisfactory to the Recreation and Park Department and the Board of Supervisors.

Mr. Cohen submitted the following amendment:

"RESOLVED, That the aforesaid terms and conditions are approved and accepted substantially in the form and substance as set forth in the aforesaid letter of intent from San Francisco Stadium, Inc., to the Recreation and Park Commission of the City and County of San Francisco, *subject to the condition that the National Exhibition Company shall enter into a lease with San Francisco Stadium, Inc. on the aforesaid terms with the further proviso in said lease that the National Exhibition Co. shall play a full National League schedule during the entire 35-year term of said lease and shall play all of its regularly scheduled home games in said leased premises; and further subject ((however)) to the necessary legal documents being approved by the Recreation and Park Commission and by the Board of Supervisors and the further authorization for their execution by ordinance of the Board of Supervisors, and, be it"*

Increase in the Tax Rate.

Supervisor Blake called attention to an article in the paper indicating possibility of an increase in the tax rate in the amount of \$1, and he hoped the impression was not going to be taken by the citizenry that that was the general thinking of the members of the Board.

Supervisor Dobbs explained the method that was being followed by the Finance Committee in an effort to reduce the budget, but that it would be a very difficult task because there was not much in the departmental budgets that could be deleted, and the Finance Committee could foresee a tax increase within a range of 50¢ to \$1.

Supervisor Ferdon remarked that it was his belief that each department head should be informed that the money approved in the budget would have to do for the entire year, and also suggested that information be circulated to let the department heads know the Finance Committee would give serious consideration to a percentage reduction in the budgetary requests.

The Chair ruled that inasmuch as the budget was in the hands of the Finance Committee such a suggestion would be within their scope of authority.

File No. 390-58.

Request to Be Excused from Voting.

Supervisor Blake stated that he had received a communication from the attorney representing the Safeway Stores calling to his (Supervisor Blake's) attention that he was a member of the Marina Home Owners and Protective Association and a large property owner in the Marina District, and requesting that he disqualify himself from voting on the subject matter.

Proponents:

Leslie G. MacGowan, attorney at law, representing interested property owners in the Marina District. Mr. MacGowan inquired whether or not any of the members of the Board owned stock in the Safeway Stores, Inc.

The Chair explained the parliamentary situation, as follows:

"An 'Aye' vote will disapprove the decision of the City Planning Commission and approve the application to rezone the property; a 'No' vote will sustain the decision of the City Planning Commission and disapprove the application to rezone the property. Eight 'Aye' votes are required to disapprove the decision of the City Planning Commission."

Consideration Continued.

The following, from the Finance Committee with recommendation "Do Pass After Amendment," was taken up:

Budget of the City and County of San Francisco for the Fiscal Year 1958-59.

File No. 62-68.

Statement of Supervisor Dobbs, on Behalf of the Finance Committee, Concerning the 1958-1959 Budget.

The Finance Committee refers to you herewith the proposed budget of the City and County of San Francisco for the fiscal year 1958-1959, as submitted by the Mayor, with the recommendation that it be adopted after amendment as proposed by the Committee. Itemized lists of Committee recommendations have been furnished you.

We have attempted to keep this informal budget message to you simple and without frills, but sufficiently comprehensive to give you a fairly complete budget picture.

Budget Totals and Tax Rate:

The departmental budget estimates submitted to the Mayor totaled \$248,265,594. That figure represented an increase of \$24,783,694 over the approved budget total for the current fiscal year, exclusive of bond funds.

The budget as submitted to the Board by the Mayor, including supplemental budget requests and increases made mandatory by salary standardization requirements of the Charter, aggregates \$241,013,850, exclusive of bond funds.

The Committee, after exhaustive scrutiny, and with a view to effecting expenditure curtailments without impairment of essential services, recommends a reduction of \$3,161,265, or approximately 30 cents in the tax rate. The total budget, if thus approved by the Board, would then be \$237,852,585, representing an estimated increase of 83 cents in the tax rate, from the present \$7.37 to \$8.20 per \$100 assessed valuation. With respect to this estimate, it cannot be made with accuracy because of revenue and other adjustments which cannot be foreseen prior to the date next September when the tax rate is fixed.

The Committee wishes to observe at this point, with respect to the essential services mentioned, that it has sought to find, and has found, certain substantial allocations requested for "desirable" functions of government, which we cannot agree fall into the category of "essential" expenditures. Some of those items will be referred to presently in more detail.

Reduced to the simplest of terms, the budget is the plan of work to be done by the City and County government. Increasing or decreasing the amount of work to be done increases or decreases proportionately the amount of money to be raised.

Many of the services budgeted are of a mandatory nature. Only the determination of non-mandatory services which the City and County government will provide is subject to review and control by this legislative body.

We cite as an example that among the items over which the Board has no control is the budget of \$50,040,716 for the San Francisco Unified School District, which is under the jurisdiction of the independent Board of Education.

The Committee has recognized the fact that each of the approximately seventy departments of City and County government is quite naturally concerned principally with its particular budget, and each is honestly convinced that its functions warrant the highest priority. The need for strictest economy is readily apparent to them, but any number of departments assume the anomalous position of urging curtailment of their funds only as a last resort and only after reduction of all other departmental budgets. Therefore, we have been required, in many instances, to superimpose our judgment upon that of department heads in a determined effort to effect justified economies. The members of the Finance Committee feel that their judgment in this respect has been considered and objective.

Particular reference to a few items which appear in the various budget requests before you appears warranted by the widespread public interest displayed in them through the media of correspondence, press reports, or otherwise.

Library Budget:

One of those items is the request of the Library Department for \$180,000 to be used in reconstructing the McCreery Branch Library which was recently condemned as unsafe and which has been razed. The Committee pondered this problem at the considerable length which its importance deserves. As you know, there is presently being conducted a survey of all San Francisco's library facilities, conducted by Mr. Emerson Greenaway of Philadelphia, an eminent authority in the library field, with the implementation of a \$7,500 fund appropriated by this Board. It is anticipated that any needed reforms in the operations and facilities of our library system will be forthcoming when the survey is completed shortly, and that the library needs of the various neighborhoods, including that formerly served by the McCreery Branch, will be accurately evaluated, with suitable recommendations for meeting them. I have discussed the problem of McCreery Branch with Mr. Greenaway personally, and have his assurance that the subject will be covered by his survey. Under the circumstances, it appears highly illogical to appropriate, and levy a tax for, \$180,000 in this budget for reconstruction of the McCreery Branch, or any amount, until such time as we are advised as to the type, size, location and other details of a facility to replace it.

At the same time, in the absence of reliable advice to the contrary, the Committee fully recognizes the need for some replacement of the service formerly afforded by McCreery Branch, and are prepared to give prompt and considerate attention to the recommendation therefor which we assume will be coming from the Library Commission.

Nalline Narcotic Tests:

Another problem of more than passing interest which confronted the Committee is that of implementing the program for administering Nalline to suspected narcotic addicts; an appropriation aggregating \$16,260 has been requested. The departments involved have been unable to determine an approximate date when the administration of Nalline can be expected to be authorized, in view of the medical and legal questions which have been raised throughout the State. An article in the press last week reported that proposed regulations governing the use of Nalline tests will be considered by the State Board of Public Health at a hearing in Berkeley on June 6th. From

all indications, it will be some considerable time, if ever, before the tests will be authorized, under appropriate regulations. Therefore, again, it does not appear practical at this time to levy taxes for a program which may or may not be instituted in the future. Should the tests prove feasible, an appropriation of funds therefor may be sought through regular channels during the coming fiscal year.

Police Department Personnel:

The problem of Police Department personnel is a knotty one. Practically all concerned with it are in accord that the members of the uniformed force now performing routine office tasks should be replaced with clerical personnel in proper classifications. Such replacement would be both economical and efficient. However, the Police Department has proposed in its budget that 22 members of the uniformed force be restored to purely police assignments, and that 22 clerical employees be added to take over their desk functions—in effect, an addition of 22 police officers to the present force. In view of the staggering increase in the overall budget of the City and County, the Committee does not feel that this is the propitious time to add 22 members to the police force. The Committee feels that the employment change proposed, desirable as it may be, cannot be authorized at this time in the manner suggested by the Department. Incidentally, it should be noted that two additional police lieutenants—one for the Narcotics Bureau and one for the Warrant Bureau—have been recommended to the Board for approval in the budget.

Additionally, the Board less than two months ago authorized the re-assignment of police personnel to the Warrant Bureau, in order to relieve from warrant-serving duties a maximum of 43 officers assigned to district stations. This was done on the recommendation of Chief Ahern, and thus there has become available additional patrol personnel in the districts because of that change. Furthermore, the Board has heretofore increased the staffs of the Narcotics Bureau after careful investigation following the recommendation of the Grand Jury and others interested.

Commission on Equal Employment Opportunity:

The matter of approving a budget for the first time to implement the program of the Commission on Equal Employment Opportunity raised a serious question in the minds of Finance Committee members. The issue of fair employment practices was not before us. Our ordinance has been enacted and is in effect. The principles inherent in it have been recognized and approved. However, the Commission feels that it cannot function without a staff and money. At first, the Finance Committee was strongly inclined to disapprove the entire budget request, believing that the program could continue to operate with the assistance of Mayor's Office personnel as in the past. However, after further hearings, the Finance Committee was convinced that a separate office, staffed with an Executive Secretary and a general clerk-stenographer, would materially assist the fair employment practices program in all its phases. The requested budget has been recommended, reduced only with regard to items of contractual service concerning which, because of lack of experience, there is no standard for use as a basis of concluding the existence of total need. In the event that the contractual services account should require additional funds during the coming year, the Commission undoubtedly will bring that subject to our attention for further study.

This recommendation is based principally upon the representation of the Commission that cases which normally would be presented for action are being withheld from the Commission because of its inability to process them. The coming year's experience will permit more precise evaluation of the efficacy of the Commission's program.

Gardening Personnel:

The desirability of curtailing the maximum number of gardeners and other related classes of employees whose performance of duty is restricted by inclement weather conditions entailed extended discussion and study. Inasmuch as heretofore such employments have been paid on a monthly basis, which has only recently been changed to a per diem basis, the Finance Committee recommends that all the employments presently authorized in the budget be permitted to continue, with all of the funds recommended by the Mayor therefor. The Committee proposes, however, by motion to add an appendix or footnote to the budget, applicable to all departments whose staffs include such employments, which will declare in effect that the wages in question shall be allotted on a monthly basis and be paid only to employees holding permanent status. The Committee believes that such a procedure will result in a saving for the City and County while avoiding the abolishment of existing permanent positions. It will permit the department head and the Controller to determine the number of permanent employees needed each month. If there is no need for some of them, the Controller will not certify funds for payment of wages to that extent. An estimate of the saving per year is \$75,000.

During the forthcoming fiscal year, the General Manager of the Recreation and Park Department will carefully examine the working schedules and assignments under his jurisdiction and will submit to the Finance Committee, prior to the budget session for the 1959-60 fiscal year, his recommendations for improvement and adequate control of such employments. It is our strong recommendation that other department heads whose staffs include such employees submit similar recommendations after due consideration. In view of the foregoing proposed handling of this matter, the Committee's recommendation for continuance of employments and wage appropriations is submitted to you, and the qualifications mentioned will be offered to you by motion.

San Francisco Hospital Personnel:

Finally, the request for additional nursing personnel at San Francisco Hospital has engaged the close attention of the press and the keen interest of the public. The Finance Committee has recommended approval of all the positions, and the accompanying equipment and supplies, which the participating medical schools have certified as essential to the continuance of their programs at San Francisco Hospital. However, we have recommended disapproval of the request for additional licensed vocational and registered nurses, and urge that the Board signify its concurrence in that recommendation until such time as we can be permitted to review the precise details of an appropriate analysis of personnel needs, and operational practices prepared by a qualified lay hospital administrator. The Committee feels that the facts—not the estimates or personal feelings or opinions or incomplete comparisons—but the plain facts submitted to us do not justify an increase in the number of nurses. When we recall that the number of personnel at the hospital has been increased during the past eight years from 1,000 to 1,500 in round figures, with no increase whatsoever in the number of patients, then we must approach with extreme caution the approval of requests for additional nursing personnel.

The Committee particularly questioned the circumstances surrounding the Department of Public Health's statement, on page 1282 of your budget book No. 2, that "due to the closing of some of the wards a reduction of four in the force of Head Nurses was made." No explanation appears in the budget estimates, nor was any offered in the oral representations made to the Committee, of the disposition made of the nurses and other personnel who were supervised

by the four Head Nurses whose positions have been abolished. Apparently an increase in the nursing personnel assigned to wards other than the wards closed has been effected. Information to the contrary was not brought to the Committee's attention.

The press has reported observations that the hospital is below the average with respect to nursing hours per patient-day. Those who advance that contention have not told us the details of the comparisons of services which have been made, if any. The degree of seriousness in the condition of patients attended, the amount of attention and care required, the size of the institution, the relationship of duties of various personnel, and many other factors must be considered in arriving at appropriate figures of adequate nursing hours per patient-day. The Finance Committee of course does not hold itself out as expert in these technical matters of hospital administration. At the same time, it is of the opinion that the present administrative staff at the hospital is also relatively unqualified. That staff is comprised of medical men in the main, who are acknowledged to be eminently qualified in the field of medicine. In the field of hospital business administration, quite another skill is demanded—not the skill of a medical practitioner but the special talent of an administrator who, among other things, knows precisely the overall, related personnel needs of a hospital, who knows the duties and manner of deploying all types of personnel, who knows the kind and number of personnel in all classifications necessary to assure adequate care of patients and premises, and who can objectively assess those needs without extraneous advice or direction, leaving the purely medical matters to medical men. We do not feel that the upgrading of an employee presently assigned to the Department of Public Health is the answer. We have in mind an eminently qualified lay hospital administrator, with appropriate authority to effectuate his program. Until such an administrator can be employed, and can give us the benefit of his objective advices, the Committee is unable, most emphatically, to concur with the theory that additional nursing personnel is essential.

The Finance Committee, composed of Supervisor McMahon, Supervisor Halley and I, clearly recognizes the unpopularity of the position we have taken with respect to the request for additional nurses. We realize that it would have been much easier to approve the budget as it was submitted to us, but we feel that in all good conscience, with complete objectivity, and with no purpose other than a sincere effort to effect sorely-needed economies while maintaining decent standards of service, our recommendation for elimination of the positions, for the time being at least, cannot be otherwise.

Our popularity could have been enhanced in some quarters of the community with a recommendation in favor of the added nurses' positions, but we have consoled ourselves with the thought that even though our heads may become bloodied they will remain unbowed, because of our honest conviction that our stand has been amply justified by the overriding public interest involved, and that no other conclusion could be reached.

Sources of Revenue:

Departing from that subject, may I point out that economic conditions today indicate that a judicious search for new or expanded sources of local revenue is warranted. The Finance Committee has considered the matter intermittently throughout the year and particularly during the budget sessions, and it is not prepared at this time to sponsor any such expedients as have been suggested. It is extremely reluctant to add in any form to the burden already imposed on the ad valorem taxpayer, but believes that it and the Board should consider on appropriate occasions any equitable devices offered to relieve or shift the burden.

Acknowledgments:

In closing, the Finance Committee wishes to commend and thank Controller Harry D. Ross for his invaluable assistance. Our work could not have been completed, at least in the time allotted us, without his devoted attention to its details. Acknowledgment is also made of the service rendered by the staffs of the Controller, Civil Service Commission, and Clerk's Office.

Motion:

The motion already before you on the calendar is that the budget be adopted, as amended in accordance with the recommendations of the Finance Committee.

Supervisor Dobbs, seconded by Supervisor Halley and Supervisor McMahon, moved that the Board adopt the amendments proposed by the Finance Committee, and set forth herein below, with respect to the budget and supplemental budget requests submitted by the Mayor, together with an additional amendment proposed by the Finance Committee, viz., that the amounts provided in the various departmental budgets for wages of the gardener classifications shall be set up in separate appropriations for each department affected, allotted on a monthly basis, and used exclusively to pay occupants of permanent positions, and all sums remaining in each such monthly allotment after payment of such permanent wages shall be transferred to the related Account No. 2990.

Motion to Amend.

Supervisor Zirpoli, seconded by Supervisor Casey, moved to amend the proposed Finance Committee amendments by deleting the Committee's recommended amendment to the following items in the Department of Public Health, San Francisco Hospital: Licensed Vocational Nurse (11), appearing on page 1281, line 13, so that said item will remain at \$40,206, as recommended by the Mayor; Registered Nurse (22), appearing on page 1281, line 15, so that said item will remain at \$97,198, as recommended by the Mayor; and by including in the budget an item for Registered Nurse (9) in the Depart-

ment of Public Health, San Francisco Hospital, appearing on sheet 2, line 3, index 557, of the supplemental budget requests (No. 3 of the Department of Public Health in an amount of \$38,880, as recommended by the Mayor.)

Supervisor Zirpoli explained that he had made a personal inspection of the hospital, had talked with the employees, including doctors nurses and orderlies, working in the various wards and arrived at the conclusion that in order to bring the San Francisco Hospital up to a reasonable level of nursing care the requested employments were of vital necessity.

Dr. Sox, in response to inquiries by Supervisors Dobbs and Zirpoli, explained the procedure that had been followed to arrive at the number of employments requested in the budget, the survey that was undertaken comparing the San Francisco Hospital with ten other county hospitals in California, and the manner in which the hospital personnel were assigned.

Motion to Recess.

Supervisor Sullivan, seconded by Supervisor Blake, moved that the Board recess until 7:30 p. m.

No objection and motion *carried*.

RECESS.

The Board, at the hour of 6:05 p. m., recessed.

ROBERT J. DOLAN, Clerk.

RECONVENING OF THE BOARD.

The Board reconvened at the hour of 8:00 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—10.

Absent: Supervisor Ferdon—1.

Quorum present.

President Francis McCarty presiding.

Supervisor Ferdon excused from attendance. (On official leave of absence.)

Supervisor Dobbs explained that the Board must look at the facts and unless it was convinced it could not go on half truths. It was the opinion of the Finance Committee that the evidence submitted could not justify the increasing of the staff by one position, and the statements of Dr. Sox did not represent the facts but only his own conclusions. The Finance Committee hoped the members of the Board would vote against the motion and refuse to adopt it.

Explanation of Vote.

Supervisor McCarty stated that while neither Supervisor Zirpoli nor Dr. Sox had submitted information to show that the additional positions were necessary he could not vote against the recommendation, and if he were making a mistake he would have to make it in favor of the patients.

Motion *carried* by the following vote:

Ayes: Supervisors Casey, Ertola, McCarty, Rolph, Sullivan, Zirpoli—6.

Noes: Supervisors Blake, Dobbs, Halley, McMahon—4.

Absent: Supervisor Ferdon—1.

Recreation and Park Department—Yacht Harbor.

Supervisor Zirpoli inquired about the necessity for the inclusion in the budget of the Recreation and Park Department an amount for the improvement of Yacht Harbor.

Supervisor Dobbs explained that the budget item for \$250,000 was a substitute for the suggested bond issue in the amount of \$2,500,000. It had been explained to the Finance Committee that it was believed this amount of money would be sufficient to relocate the entrance to the harbor and do away with the necessity for dredging it every two or three years, and the increased revenues would eventually return the amount budgeted to the City.

Motion to Amend.

Juvenile Court—Probation Office.

Supervisor Sullivan, seconded by Supervisor Zirpoli, moved to amend the proposed Finance Committee amendments by deleting the Committee's recommended amendment to the item for Probation Officer (54) in the Juvenile Court, Probation Office, appearing on page 372, line 18, so that said item will remain at \$351,255, as recommended by the Mayor.

Thomas Strycula, Chief Probation Officer, explained that for the past ten years no increase had been made in the number of Probation Officers and yet the case load had increased 50 per cent.

Refused adoption by the following vote:

Ayes: Supervisors Casey, Ertola, Sullivan, Zirpoli—4.

Noes: Supervisors Blake, Dobbs, Halley, McCarty, McMahon, Rolph—6.

Absent: Supervisor Ferdon—1.

Motion to Amend.

Public Defender.

Supervisor Blake, seconded by Supervisor Sullivan, moved to amend the proposed Finance Committee amendments by deleting the Committee's recommended amendment to the item for Attorney, Criminal (4) for the Public Defender, appearing on page 261, line 6, so that said item will remain at \$37,680, as recommended by the Mayor.

Public Defender Edward Mancuso explained that due to the increased work in his office the employment was essential.

Refused adoption by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Sullivan, Zirpoli—5.

Noes: Supervisors Dobbs, Halley, McCarty, McMahon, Rolph—5.

Absent: Supervisor Ferdon—1.

Motion to Amend.

Commission on Equal Employment Opportunity.

Supervisor Rolph, seconded by Supervisor Zirpoli, moved to amend the proposed Finance Committee amendments by including the item for Executive Secretary for the Commission on Equal Employment Opportunity, appearing on sheet 2, line 2, index 152, of the supplemental budget requests, in the amount of \$12,000 as recommended by

the Mayor instead of \$8,820 as recommended by the Finance Committee.

The Clerk presented a communication from C. J. Goodell, Chairman, Commission on Equal Employment Opportunity, urging that the salary for the position of Executive Secretary be fixed at \$1,000 and the position be exempt from the civil service provisions of the charter.

Ordered *filed*.

Supervisor Dobbs explained that the Finance Committee after hearings on the matter decided there was a need for expending some money on the program. The Commission wanted to hire a man at \$1,000 per month. The Committee took no part in determining the salary, it requested the Civil Service Commission to make a recommendation thereon.

Mrs. Dolen, representing the Civil Service Commission, stated that the Civil Service Commission considered the amount of pay for the position and recommended a rate of \$720-820 per month, based on the responsibility and its relationship with secretaries of other commissions.

Judge Goodell, Chairman of the Commission on Equal Employment Opportunity, requested that the matter be continued to Thursday, May 15th, so that former Mayor Lapham could address the Board.

Supervisor Halley advised the members that he would not be able to be in attendance on Thursday afternoon, and the matter should be considered now.

Judge Goodell requested that the salary be established at \$1,000 per month and that the Commission be given the right to hire and fire at will.

Mr. Ross, the Controller, stated that he doubted that the position could be exempted from the civil service provisions of the charter because in his opinion the Commission was not a separate department but an adjunct of the Mayor's Office.

Mr. Blanchard, Deputy City Attorney, explained that the City Attorney had rendered an opinion stating that the Commission had the authority to appoint an Executive Secretary in accordance with the provisions of Section 19c of the charter, and he did not have to be subject to the civil service provisions of the charter.

Supervisor Halley inquired if the Board of Supervisors could approve a salary different from that as recommended by the Civil Service Commission.

Mr. Blanchard replied that the City Attorney has ruled that the department head recommendation is binding on the Board. Section 151.1 of the salary standardization ordinance provides that any amendment after April 1st would take effect on July 1st of the next year. He further remarked that he had serious doubt as to whether or not the Board had the authority to reduce the salary as recommended by the department head.

Supervisor Halley, seconded by Supervisor Dobbs, moved that when we recess this evening we recess until 11:00 a. m. on Thursday morning, May 15th, for the purpose of considering the motion now pending before us and the basic motion on the budget; that any other motions relating to the budget will be made and disposed of tonight.

UNFINISHED BUSINESS.

Adopted.

The following, from Finance Committee with recommendation "Do Pass After Amendment," heretofore considered, was taken up:

Budget of the City and County of San Francisco for the Fiscal Year 1958-1959.

File No. 62-58.

(Pending motion to amend:

At the meeting of May 12, 1958, Supervisor Dobbs, seconded by Supervisor Halley and Supervisor McMahon, moved that the Board adopt the amendments proposed by the Finance Committee with respect to the budget and supplemental budget requests submitted by the Mayor, together with an additional amendment proposed by the Finance Committee, viz., that, with the exception of the seasonal gardener provisions for Juvenile Hall and San Francisco International Airport, the amounts provided in the various departmental budgets for wages of the gardener classifica-

tions shall be set up in separate appropriations for each department affected, allotted on a monthly basis, and used exclusively to pay occupants of permanent positions, and all sums remaining in each such monthly allotment after payment of such permanent wages shall be transferred to the related Account No. 2990.

Pending motion to amend the amendment:

At the Board meeting of May 12, 1958, Supervisor Rolph, seconded by Supervisor Zirpoli, moved to amend the foregoing proposed Finance Committee amendments by including the item for Executive Secretary for the Commission on Equal Employment Opportunity, appearing on sheet 2, line 2, index 152, of the supplemental budget requests, in the amount of \$12,000 as recommended by the Mayor instead of \$8,820 as recommended by the Finance Committee.)

Privilege of the Floor.

The privilege of the floor was granted to former Mayor Roger D. Lapham.

Mayor Lapham stated that the Commission on Equal Employment Opportunity was of the opinion that \$12,000 per year was not excessive, and that the position was not just an Executive Secretary but a Director. The Commission felt that it must have a competent man as a Director, one that is particularly skilled in this field. The Civil Service Commission misunderstood the nature of the job and compared it with secretaries of other commissions. The Commission believes that it might be more acceptable if instead of asking for \$12,000 per year, they ask for \$900 per month. They do not believe that is unreasonable and hope that it would be acceptable to the Board.

The Chair inquired of Supervisor Rolph if, in view of the statement of Mayor Lapham, he desired to withdraw his pending motion.

Supervisor Rolph requested permission to withdraw his motion.

No objection and motion *withdrawn*.

Motion to Amend.

Supervisor Rolph, seconded by Supervisor Zirpoli, moved to amend the foregoing proposed Finance Committee amendments by including the item for Executive Secretary for the Commission on Equal Employment Opportunity, appearing on sheet 2, line 2, index 152, of the supplemental budget requests, in the amount of \$10,800 as recommended by the Commission on Equal Employment Opportunity instead of \$8,820 as recommended by the Finance Committee.

Deputy City Attorney Blanchard advised the Board that the establishing of a salary for a newly created position is covered by the provisions of section 71 of the charter which provided that until the position is subject to the salary standardization provisions of the charter, the salary as recommended by the appointing officer shall be the salary that is to be paid the position. In view of the recommendation of the Commission on Equal Employment Opportunity the salary can be lowered to \$10,800, but the Board can not accept the recommendation of the Finance Committee.

Mr. Blanchard further stated that the question of whether the position should be made civil service or exempt from the civil service provisions of the charter was a legal question and not a proper matter for the Board's consideration.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisors Casey, Ferdon—2.

Parliamentary Situation.

The Chair explained the parliamentary situation was that the motion of Supervisor Dobbs for the adoption of the amendments as proposed by the Finance Committee, which amendments were amended by the Board in approving certain motions to amend, was now before the Board for its action.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisors Casey, Ferdon—2.

Motion.

Supervisor Dobbs, seconded by Supervisor McMahon and Supervisor Halley, moved that all new positions set up under inter-departmental services in the annual budget be included, insofar as rates and classifications are concerned, in accordance with the Civil Service Commission's classification of positions and the applicable 1958 Salary Standardization Ordinances, but that any and all reference to the number of such positions be deleted and that the tenure of such positions be determined by the Civil Service Commission.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisors Casey, Ferdon—2.

Motion.

Supervisor Dobbs, seconded by Supervisor McMahon and Supervisor Halley, moved that the Civil Service Commission include in the Annual Salary Ordinance only those inter-departmental positions which are filled by permanent appointments or are ordered filled as permanent positions by the Civil Service Commission under the authority granted by the Board of Supervisors.

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisors Casey, Ferdon—2.

Motion.

Supervisor Dobbs, seconded by Supervisor McMahon and Supervisor Halley, moved that in accordance with the recommendations of the Mayor and the respective Boards, Commissions and Department heads, the departmental budget estimates be adjusted to make effective July 1, 1958, the new compensation schedule set forth in the various 1958 Salary Standardization Ordinances.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisors Casey, Ferdon—2.

Motion.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisors Casey, Ferdon—2.

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—9.

Absent: Supervisors Casey, Ferdon—2.

The following from Finance Committee, without recommendation, was taken up:

Authorizing Director of Property to Institute Proceedings for the Purchase of Property from W. B. Rhodes, Required for the Crosstown Freeway.

File No. 527-58, Resolution No.

Motion to Adopt.

Supervisor Dobbs, seconded by Supervisor Halley, moved adoption.

Supervisor Dobbs explained that the legislation had been referred to the Board for its determination as to what action should be taken in connection with the acquisition of property for the Crosstown Freeway.

Motion to Refer.

Supervisor Ferdon, seconded by Supervisor Casey, moved that the legislation be referred to the Streets Committee for hearing and determination of policy.

Deputy City Attorney Blanchard, in response to inquiry, replied that it was his opinion that if the owner of the lot was desirous of constructing a building on his property the courts would be inclined to act favorably on any mandamus action he might file.

Supervisor Ferdon stated that, inasmuch as no route had been adopted for the Crosstown Freeway, he was of the belief that a complete hearing on the subject should be held by the Streets Committee to decide policy on the future acquisition of property because of so-called hardship situations.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, McCarty, Rolph, Zirpoli—7.

Noes: Supervisors Dobbs, Halley, McMahon, Sullivan—4.

Refused Adoption.

File No. 508-58-2, Resolution No.

Eight 'Aye' votes are required to disapprove the decision of the Commission."

Refused adoption by the following vote:

Noes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—11.

Adopted.**Taken Up Out of Order.**

There being no objection, the following recommendation of Police Committee was taken up out of order:

(Supervisor Rolph dissenting.)

Authorizing Temporary Closing of Portion of Grant Avenue for Conduct of the Fifth Annual Upper Grant Avenue Street Fair.

File No. 300-58, Resolution No. 480-58.

(Between Green and Union Streets, from 6:00 p. m., June 14, to midnight, June 15, 1958.)

Chief Murray explained that the Fire Department was opposed to the closing of the street because it blocked access to the top of Telegraph Hill.

Al Arnaud, representing the Police Department, stated that the Police Department had not withdrawn its objections to the proposed closing but it was of the opinion that if the street was to be closed it would be able to handle any situation that might arise.

The Chair instructed the proponents that the closing was to be contained within the boundaries of Green and Union Streets with the intersections being kept clear so that if it were necessary for fire apparatus to respond to an alarm in the area their operation would not be hindered.

Explanation of Vote.

Supervisor Rolph explained that, since both intersections would be kept open and a route of access to the top of Telegraph Hill would be kept clear in case it was necessary for fire apparatus to use Union Street in response to a fire alarm, he would vote for the measure.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—11.

Final Passage.

Explanation of Vote.

Supervisor Dobbs explained that he was voting against the measure because a survey of other cities indicated that very few of them have legislative representatives in Washington.

Supervisor McCarty stated that he was voting against the measure because he was of the opinion that the City should have a part-time and not a full-time legislative representative.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, Rolph, Zirpoli—7.

Noes: Supervisors Dobbs, McCarty, McMahon, Sullivan—4.

The Board resumed consideration of the calendar items in the order printed therein.

Endorsing Action of the Recreation and Park Commission in Manifesting Its Intention to Transfer the Property and Improvements of the Palace of Fine Arts to the State and to Submit a Bond Issue to Complete the Repair and Rehabilitation Thereof.

File No. 10151-3, Resolution No. 490-58.

Motion to Amend.

Supervisor Ferdon, seconded by Supervisor Zirpoli, moved that the legislation be amended by adding, in the second line of the "Resolved" after the word "Commission," the following language: "provided that the estimated difference in the cost of the aforesaid repair and rehabilitation does not exceed the sum of \$4,250,000."

Explanation of Vote.

Supervisor McCarty stated that he would vote against the amendment because it might permit the State to refuse to do the work by

saying that it could not be accomplished within the limit set by the Board.

Supervisor McMahan remarked that she would vote against the amendment because the project was to be a complete reconstruction and not just repair work, and it would cost between \$10,000,000 and \$12,000,000.

Supervisor Halley said that he would vote against the amendment because he believed it would qualify the resolution of the Recreation and Park Commission and give the State an opportunity to refuse.

Motion refused adoption by the following vote:

Ayes: Supervisors Ertola, Ferdon, Zirpoli—3.

Noes: Supervisors Blake, Casey, Dobbs, Halley, McCarty, McMahan, Rolph, Sullivan—8.

Motion to Amend.

Supervisor Zirpoli, seconded by Supervisor Ferdon, moved that the legislation be amended by adding, in the second line of the "Resolved" after the word "Commission," the following language: "provided that the bond issue to be presented to the electorate to defray the difference in the cost of repair and rehabilitation of the building receives the prior approval of the Board of Supervisors."

Mr. Blanchard, Deputy City Attorney, in response to inquiry by the Chair, stated that the Board could refuse at any time to approve the submission of the bond issue, and approving the resolution would not legally bind the Board on the matter since it was subject to the provisions of applicable law and applicable law was two-thirds vote of the people.

Substitute Motion.

Supervisor Halley, seconded by Supervisor Ertola, moved as a substitute that the legislation be amended by adding, in the second line of the "Resolved" after the word "Commission," the following language: "subject to the provisions of applicable law."

File No. 554-58, Resolution No.

(The City Engineer has reported to the Board under date of May 28, 1958, that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal, and it has been found that they represent less than the necessary twenty per cent of the area.)

Privilege of the Floor.

Mr. Albert T. McClure, appellant, explained his inability to secure the required amount of signatures.

The Chair explained that the City Attorney had advised that if the signatures of those who signed the appeal wherein there was a joint ownership of the property involved were sufficient to indicate an appeal by the entire piece of property there would be a sufficiency of signatures. The City Attorney has previously stated that the Board could take evidence of the intent of the signer of the appeal as prima facie evidence that it represented the entire parcel of the property.

Supervisor Sullivan, seconded by Supervisor Ertola, moved that consideration be continued for one week to permit appellant to submit evidence as to whether signatures for the properties which are in joint tenancy were purported to represent both signatures.

Passage for Second Reading. . .

(Supervisor Halley dissenting.)

Approving Agreement, Ground Lease and Park Lease Between City and County, Recreation and Park Commission and San Francisco Stadium, Inc., and Exhibits Thereto, Relating to Acquisition, Construction and Leasing of the Recreation Center and Related Public Parking Facility in the Vicinity of Bay View Park, and Authorizing Mayor to Execute Documents.

File No. 16217-2, Ordinance No.

Supervisor Halley stated that he had been informed by Mr. Herrington that there was no certainty of performance for the full life of the contract because the National League controls the location at which a team may play.

Supervisor Halley, seconded by Supervisor Ertola, moved that all of the documents be amended by including as a party thereto the Third Securities Trust of New York, because of reports that said Trust controls the National Exhibition Company.

Mr. Holm, City Attorney, in response to inquiry by Supervisor Halley, remarked that he had been informed that the National Exhibition Company is the operating company and the owner of the franchise which is the important thing in the transaction, and the Third Securities Trust might be a subsidiary. The National Exhibition Company is the corporate entity with which the city was authorized to do business. The bond issue provided that none of the bonds should be issued until a franchise was acquired by San Francisco and our dealings have been with the owner of the franchise. We are not interested in any subsidiary of the National Exhibition Company, we are interested only in the corporation owning the franchise.

Supervisor Halley: You are not interested in determining whether or not the holding corporation is concerned? Mr. Holm, if you had known of the existence of the holding corporation, you would still have been satisfied that the National Exhibition Company alone would be sufficient to the needs for the protection of the City's interest?

Mr. Holm: We would be interested in only the person or corporation who owns the franchise.

Supervisor Halley: In view of the statement of Mr. Holm, I request permission to withdraw my motion.

No objection and motion *withdrawn*.

Supervisor Halley: I have been informed by Mr. Herrington and Mr. Holm that San Francisco was incurring no responsibility for the debt servicing of the first priority bonds of the Stadium Corporation and the subordinate bonds of the Stadium Corporation.

Mr. Holm: On Page 8 of the original contract, paragraph 8—Stadium shall not have any recourse against the City for reimbursement for costs for the construction of the stadium or for performing its contract under this agreement, except from the rents for the use of the stadium; no reimbursements from the City except revenues received from the use of the stadium. In the lease from the Stadium Corporation back to the City, it is held that the City shall reimburse the Giants for revenues received from said use. The lending agency stated that it could not be deleted; if it were deleted they would not enter into the agreement. It does nothing other than limit the situation to a revenue bond situation wholly and in its entirety. Revenues alone are going to carry the carrying charges, otherwise the deal would be illegal because you would be pledging the revenues of the City without a two-thirds vote of the people. I believe that any court in the land would construe it in the manner in which we have construed it. The City is receiving all of the land on which the stadium will be built and also the stadium, which will amount to more than 10½ million dollars. If the whole proposition should go wrong you would have delivered to the City probably the finest industrial land in the whole city. I feel that from the taxpayers' standpoint you will be ahead of the game no matter what happens.

Supervisor Halley: What you are saying is that the City is not to pay off the revenue bonds except from the receipts of the stadium.

Mr. Holm: I agree with that. It is a very intricate deal. It is a document which has 65 pages alone relative to the retiring of the first bonds.

Supervisor Halley: With respect to the paragraph relative to the tax situation, there is pending in Washington an application of the Corporation for the tax exempt status associated with the issuance of several million dollars worth of bonds. In the event it should not be granted, would this particular paragraph, in any way, shape or form, obligate San Francisco to pick up that tab of income taxes that might be associated with the proposal.

Mr. Holm: I do not know; that proposition did not enter into this particular situation. That would be a matter between the bond holders and the Stadium Corporation; the City would not be a party to it and if Section 8 means anything at all it means that we are limited to revenues that have been produced. If no revenues are produced we will not be bound at all. Let us not fool ourselves about the situation that could arise if we should suffer a terrible decline in revenues. San Francisco is in a position where it occupies a high position in the financial world with respect to issuing bonds. It does not seem possible that you, sitting as a Board of Supervisors, could permit San Francisco to be put in a position whereby by failure to finance its revenue bonds San Francisco's position in the bond market would be put in jeopardy.

Supervisor Halley: Would it become a moral obligation on the part of the City to pay off such bonds?

Mr. Holm: It would not be even a moral obligation; it would be just that you would not want to put San Francisco in a position whereby it would injure its financial position.

Supervisor Halley: In the current lease, page 7, landlord covenants and agrees to pay any and all taxes levied or assessed on the Bay View Park area including both land and improvements. I believe there should be some qualifying statement.

Mr. Holm: I am not too worried because that is our ad valorem taxes under the control of the City and County of San Francisco.

Supervisor Halley: In the event we should approve the document today, then it would be beyond the control of the City to retract the contract or make any changes in it. This is a finality as far as the people of San Francisco are concerned?

Mr. Holm: This will be the final action.

Supervisor Halley: The City Attorney has informed me that there is no possibility of the City incurring any liability for the payment of taxes.

Mr. Holm: There is no legal responsibility on the part of the City and County of San Francisco to assume any taxes except from the revenues received from the use of the stadium.

Supervisor Halley: I find a protective clause in the Milwaukee contract that is not included in San Francisco's contract. It has been written in many publications that television is having a very marked effect upon the attendance at baseball games. In the interest of protecting attendance in Milwaukee there is a protective clause in the Milwaukee contract that if the "X" dollars are not met with then the difference between the revenues and what is necessary to amortize the several debts is to be made up by the income received by the baseball people from radio, television, etc. At the present time the National Exhibition Company is going to pay \$125,000 for the use of the stadium; that is the limit of their payment to the cost of the operation?

Mr. Holm: \$125,000 or 5%, whichever is greater.

Supervisor Halley: They have entered into no other agreement. It has been estimated that at least 12½% is necessary to properly handle any matter such as this. I suggest that we guarantee and assure the people of San Francisco that the television will not impair the take of the gate, that there be included in the agreement a protective clause so that in the event the \$364,000 is not available that the difference will have to be made up by the baseball people. I am informed that the Stoneham interests will receive 37½ million dollars over the course of their agreement with the television people.

Mr. Holm: That was not included in the first offer that was made to the Giants to come out to San Francisco. I have been informed that the Giants are adamant in retaining the television rights and concession rights. That was the fundamental deal and basis upon which the Giants would come to San Francisco.

Supervisor McCarty: With respect to the issuance of a franchise to the television people the City can charge whatever price they desire so that any deficits could be made up by the franchise tax.

Supervisor Halley: We should protect San Francisco by insisting that if the gate falls down we would be able to secure money from the television profits. There is a clause that if the amount of the revenues does not come up to what was anticipated, the baseball people would give \$75,000. This is rank deception because it will become a lien on the next year's payment. Could San Francisco include such a protective clause in the contract?

Mr. Holm: I do not believe that the City could at this time because it would be a change in the contract after it had been approved by all of the people concerned.

Supervisor Halley: There have been changes from the original contract. I believe that San Francisco should be in a position to

change its position if it is advantageous to do so. I am surprised that the Board of Supervisors does not have the opportunity to change this contract in any manner.

Supervisor Dobbs: We have accepted by resolution the formal offer and that has not been changed. We have already said "yes." We have the documents based on the original agreement, and I believe that this set of agreements is in accord with it.

Supervisor McCarty: The Board approved a deal months ago and the documents before us today are merely placing in writing the commitments of intention the Board heretofore made. If the documents are changed, in substance it will be a breach on the part of the Board and a breach on the deal the Board said it would make.

Supervisor Blake: I rise to a point of personal privilege. The City Attorney previously has informed us that we have not crossed the point of no return, and we are now finding out that we have crossed the point of no return.

The Chair ruled the point of personal privilege not well taken.

Supervisor Halley: In the body of the agreement there is a new paragraph, and that paragraph is associating ourselves with taxes which even the City Attorney is questioning.

Mr. Holm: All the agreements were based upon the fact that this was a tax exempt corporation.

Supervisor Halley: If the application for tax exemption status is denied will San Francisco be held liable?

Supervisor McCarty: The lending company has stated that there would be no deal if the tax exemption is denied.

Supervisor Halley, seconded by Supervisor Zirpoli, moved that the language to the same effect as the Milwaukee contract, so that the baseball team will be required to make up the difference between the anticipated \$364,000 and what is actually taken in in any given year, be added to the contract, i.e., in the event the net income from contributions from the Giants and the parking lot does not aggregate \$364,000 then the baseball team, from other sources of revenue associated with the stadium, will make up the actual difference between what is actually received and the \$364,000.

Supervisor Dobbs: I hope that this motion is defeated. We have these figures and we have based all of our negotiations upon them. We have already negotiated this contract and for the Board to go back to the Giants and say that we want to change the agreement would be beyond fair play.

Supervisor Blake: I have read the contract and find there are many places similar to the problems brought forth by Supervisor Halley: on page 3, inclusive right to broadcast or televise baseball games. I feel that the very basis of this baseball stadium was to bring people to San Francisco. If these people are to broadcast and televise, and there are no rules that state that they cannot televise to the area outside of San Francisco, the people who live there will not come to San Francisco, they will watch the game on television. I believe this will affect the attendance. I feel that San Francisco should participate in some of the fees that are going to the Giants. I suggest that the motion be amended to provide that the City shall participate in broadcasts and telecasts on a 10% to 15% basis.

Supervisor Zirpoli: I understand that in October it was clearly understood that the television rights were to be reserved to the baseball club and that this Board unanimously agreed to go along on this premise.

Supervisor Halley: We were informed by the City Attorney that the letter of intent was not a final contract. There have been changes in the final contract to the advantage of the Giants so I do not see why San Francisco could not make changes that would be to its advantage.

Mr. Holm: The Board has the right either to agree upon the contract in its entirety, to reject the whole thing or make such changes as it may desire.

Supervisor Zirpoli: I would like to ascertain from the City Attorney his opinion as to whether, bearing in mind the letter of intent, should the Board reject the contract today, the City would be without liability.

Mr. Holm: I would not like to answer that at the present time. San Francisco would be left in a very peculiar situation if the Board should change its mind. If a suit were brought on such a change would say that every effort would be made to defend it.

Supervisor Ferdon: The architect and representatives from the Harney Company figure it will take one year to construct the stadium but they are going to try to have it ready for the opening game of the next season. This matter is not new; it is something that the City has been considering for a long time. If we reject the letter of the terms of the letter of intent I believe that the Giants would have a justifiable suit against San Francisco. I do not believe that the proposed amendment should be approved.

Motion refused adoption by the following vote:

Explanation of Vote by Supervisor Halley.

The primary purpose for bringing Big League Baseball to San Francisco was to create for the City a means of attracting outside monies in the interest of business and the tax payers of San Francisco.

The recommended location at Candelstick Point is, in my opinion, and in the opinion of many downtown people of substantial interest, a breach in the processes of sound judgment and will not serve the purpose for which the people of San Francisco voted five million dollars.

The opportunity is here to make a great thing of Big League Baseball in sports-loving San Francisco. The opportunity may well be lost. Baseball was lost at Ewing Field by placing it in a location remote and isolated and not suited for sports enjoyment. To pass up the advantages of bringing thousands of people into the downtown area of the City will defeat the primary purpose of bringing Big League Baseball to San Francisco.

Millions of dollars have been spent on freeway, parking facilities, and will be spent again to bring people into the heart of San Francisco. The great advantages available to San Francisco will be substantially lost in locating a stadium in this isolated, remote, and inclement area.

My sampling of public opinion and the record of voluntary public expressions, indicates to me that if the people of San Francisco had an opportunity to vote on the present proposal, it would be overwhelmingly defeated.

I am going to vote against this proposal because I believe it one of the greatest blunders ever perpetrated in the purported interest of good government.

Supervisor Dobbs in response to inquiry by Supervisor Blake stated that the City would be responsible for the painting of the seats and certain areas within the stadium and the hot water system; that he has been informed by the architect that the amount of maintenance would be approximately \$30,000 per year; such money would

come out of revenues, but if the revenues were not sufficient then the City would most likely have to provide the money in the Recreation and Park budget; also that there will be personnel required for this maintenance work which will be included within the \$30,000; the use of the restaurant facilities will be under the jurisdiction of the Stadium Corporation when the Gaints are not playing ball.

Supervisor Blake: I feel that there are various changes in the contract that we have previously agreed upon. I see changes in it. There were changes made, but when it came time for this Board to make any changes we are told that it would be a breach of the contract. The term of the lease has been changed. I feel that the stadium is a wonderful structure and believe that we are getting a fine stadium, but I believe that the terms and conditions upon which we are getting the baseball team are not the best deal for the people of San Francisco, so I am going to vote against it.

File No. 16217-2, Ordinance No. 411-58.

Discussion.

Supervisor Halley stated that he had been in contact with Mr. Arthur Wilkens, Chairman of the Municipal Conference, as well as with the Municipal Conference, a group of municipal finance advisers for the city's largest downtown taxpayers, and that based on the Assessor's views concerning the property tax provisions in the proposed contracts for the development and operation of the Bay-view Park and Major League Baseball Stadium, there was some doubt as to whether the city or the private parties to the contracts would pay the property taxes to be assessed.

The allegation of Supervisor Halley was voiced in turn by Russell L. Wolden and Arthur E. Wilkens. Mr. Wilkens urged that the matter be continued for one week to give his organization the opportunity of examining the complex documents.

Mr. Holm, City Attorney, in response to the statement of the Assessor, said that he had informed the Board that the tax provisions are of great concern to him and that everyone should be alert to what we are going into; that he thinks that what we have done is

perfectly legal; that the question of levying a possessory interest tax on the San Francisco Giants is such that we would not have any right to collect the tax unless it were legally due; and that if we go over the documents and state what the Assessor has suggested here today, that would fully provide for the matter but the City Attorney's office thinks that adequate provision has already been incorporated in the documents to provide for a legal levy of a possessory interest tax on the National Exhibition Company.

Supervisor Zirpoli asked: Does the National Exhibition Company have a taxable possessory interest in this lease? Mr. Holm replied: In my opinion it does.

Mr. Dobbs asked: Do you think the objection of the Assessor is serious enough for you to tell this Board that the agreement is sufficient in its present form to provide that the Giants must pay any possessory interest taxes? Mr. Holm replied: The language is satisfactory from my standpoint as the City Attorney for the collection of possessory interest taxes; it is not as satisfactory as I would like to see it but I do not think anything would be gained by having the language spelled out differently; although you would probably be better off in court if it were explicitly spelled out.

Assessor Wolden stated that our levy would be against the National Exhibition Company and not Stadium Inc.; under two decided court cases, the San Francisco Giants could very well contend that the primary obligation was such that they could contest the validity of the assessment against them; when the master clause in the contract is considered which says that the City shall pay taxes for Stadium, Inc., we might never collect from the San Francisco Giants; that certainly a private corporation having a master lease would normally have certain obligations to the City even though they might not pay taxes to the City; that it seems to him a very fundamental and serious defect which should be corrected and spelled out; and that if it is not, he believes it very doubtful that possessory interest taxes could be collected from the San Francisco Giants today.

President McCarty stated that it appears to him that this question has shaken itself down to a pretty fundamental basis; that in the lease itself the Giants agree to pay any possessory interest tax legally assessable. Assessor Wolden responded that they do not exactly say that but rather say that they can contest such a tax and put up security.

President McCarty declared that the Giants reserve the right to contest the validity of any tax which any citizen has the right to do without benefit of contract; then they agree to pay any possessory interest tax which they are obligated to pay. Assessor Wolden replied that such statement is right.

President McCarty said that the Giants' obligation to pay a tax is premised upon law; that the Assessor has advised us he can levy a possessory interest tax against Stadium, Inc.; that by levying a possessory interest tax against Stadium, Inc., it is levying it against ourselves, the City; that the point raised by the Assessor is that he has his doubts as to whether we can levy a possessory interest tax against the Giants because they are sub-tenants of Stadium, Inc. Assessor Wolden replied that if there were no intermediate lease there would be no question of the levying of a possessory interest tax; however, if you have in between parties such as now exist the question becomes a serious one which should be resolved; that if you do not have a provision that the City will pay Stadium, Inc., taxes, then there is no question the Giants would have to pay a possessory interest tax.

Mr. Tom Gray, designated by President McCarty as the representative of the National Exhibition Company, stated through the Presi-

dent that the Company expects and is willing to pay a possessory interest tax but is reserving the right to contest the amount of the possessory interest tax.

President McCarty observed that, having in mind that the City Attorney has stated in his opinion the Giants have a taxable possessory interest by reason of these documents, is it the further opinion of the City Attorney that the language employed in the existing documents fully protects the City in the collection thereof—that it is legal? Mr. Holm replied that he is trying to answer something which has not even been passed upon by our local courts or any court in the United States covering a similar situation; that all we can do is give our best judgment; that if this language means anything, it means that the tenant agrees to pay the possessory interest tax which it is legally obligated to pay; that that seems to him fairly emphatic language and that you would have to go before a court and reduce it to one question—may you impose a possessory interest tax on this interest or may you not; that he cannot go further than that but that he believes the City would be in just as favorable a position with this language as with more descriptive language.

Assessor Wolden declared that he thinks that the possessory interest is created through the master lease and therefore if the correction suggested is made in the language of the existing documents it will go a long way to correcting the situation for the protection of the City.

Motion to Continue—Defeated.

Thereupon Supervisor Halley moved, seconded by Supervisor Blake, that consideration of the pending measure be continued for one week.

Supervisor Dobbs stated that the documents were simply the concluding agreements that were concurred in months ago, after many hearings which were attended by representatives of the Municipal Conference and that a week's postponement would further delay the building of the stadium.

Substitute Presented.

Calling and Providing for a Special Election to Be Held in the City and County of San Francisco on Tuesday, November 4, 1958, for the Purpose of Submitting to the Voters of the City and County a Bond Issue in the Sum of \$2,785,000 for a Ferry Building Park.

File No. 130-58-2, Ordinance No.

Supervisor Ferdon, seconded by Supervisor Halley, moved passage for second reading.

Supervisor Ferdon explained that there were six bond proposals appearing on the calendar and also an additional proposal which, in the interest of economy, the City Attorney was requested to prepare, consolidating into one piece of legislation all of the proposed bond issues, and he had been informed that the City Attorney had prepared the legislation but the items were not listed in the order in which the Board passed the original resolutions declaring public interest and necessity.

Supervisor Ferdon, seconded by Supervisor Halley, moved that the Board pass for second reading the following legislation which was prepared by the Clerk consolidating the bond proposals, rather than individual legislation for each bond issue.

Passage for Second Reading as Amended.

Calling and Providing for a Special Election to Be Held in the City and County of San Francisco on Tuesday, November 4, 1958, for the Purpose of Submitting to the Voters of the City and County Bond Issues in the Sum of \$2,785,000 for a Ferry Building Park; \$7,225,000 for Improvements to the Civic Auditorium; \$1,500,000 for a Department of Electricity Maintenance Yard; \$1,300,000 for Expansion of the Department of Public Works Maintenance Yard; \$22,150,000 for Construction of a Courthouse and Rehabilitation of the City Hall; and \$3,600,000 for Rehabilitation of the Palace of Fine Arts.

File No. 763-58, Ordinance No.

Motion to Amend.

Supervisor Zirpoli, seconded by Supervisor Halley, moved as an amendment to Supervisor Ferdon's motion that the legislation be amended to show the order of priority as it was prepared by the City Attorney and is now in the hands of the Clerk of the Board.

Supervisor Casey, seconded by Supervisor Zirpoli, moved as an amendment to the amendment, that the bond issue providing for the construction of a Courthouse and rehabilitation of the City Hall be placed first, the proposal for the rehabilitation of the Palace of Fine Arts be placed second, and the rest of the proposals in the order in which they were filed with the Clerk of the Board.

Explanation of Vote.

Supervisor Dobbs stated that he was going to vote for the amendment not because he was of the opinion that the Board was establishing a pattern or following a pattern that had been established in the past—the Board was just picking out particular matters and giving them preferential positions as a result of personal inclinations and possibly pressure from the outside—but he was going to vote for it because it seemed of no particular importance to him. Supervisor Zirpoli echoed his sentiments.

Supervisor McCarty stated that he was going to vote for the motion on the basis that it was setting a precedent that bond issues previously voted on by the electorate get preference in the order in which they were originally filed, and that new bond issues be placed on the ballot in the order which they were subsequently filed.

Motion to amend the amendment *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, Rolph, Sullivan, Zirpoli—10.

Absent: Supervisor McMahan—1.

Thereupon the Board considered the legislation in its amended form as printed below:

Calling and Providing for a Special Election to Be Held in the City and County of San Francisco on Tuesday, November 4, 1958, for the Purpose of Submitting to the Voters of the City and County of San Francisco Propositions to Incur Bonded Debts of the City and County for the Acquisition, Construction and Completion by the City and County of San Francisco of the Following Municipal Improvements, To Wit: \$22,150,000 for a Courthouse and Alterations of City Hall; \$3,600,000 for Additions, Betterments, Improvements and Reconstruction of the Palace of Fine Arts; \$2,785,000 for a Public Park Adjacent to The Embarcadero and Near the Ferry Building; \$7,225,000 for Civic Center Auditorium Remodeling and Improvements; \$1,500,000 for a Maintenance Yard for Department of Electricity; \$1,300,000 for a Maintenance Yard for Department of Public Works, All Within the City and County; and that the Estimated Cost to the City and County of Said Municipal Improvements Is and Will Be Too Great

Amending the Police Code by Adding Sections 132 and 133, Prohibiting the Taking, Carrying, Possessing or Consuming of Malt, Vinous or Intoxicating Liquors upon the Premises of the San Francisco Hospital and Laguna Honda Home.

File No. 739-58, Ordinance No.

Mr. MacPhee, Chief Administrative Officer, explained the necessity for the enactment of the legislation and the resultant effects thereof.

Supervisor Halley, seconded by Supervisor Casey, moved that the legislation be re-referred to Police Committee.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, Rolph, Sullivan, Zirpoli—10.

Absent: Supervisor McMahon—1.

Passage for Second Reading.

Amending the Police Code Relating to Operation of Taxicabs, Sedans and Limousines, by Providing that Sedans Must Be Equipped With Taximeters and Increasing Rates of Fare for Taxicabs, Sedans and Limousines.

File No. 15798-3, Ordinance No.

Mr. Laughead, Chief Valuation and Rate Engineer, explained that there was no set manner in which a rate of return could be determined for taxicab companies, but it was based on the ratio between the value of the plant and the revenues received, that it must be figured on the depreciative operating ratio.

Mr. Cooper, representing the Controller, stated that he had arrived at his determination by examining the books that are kept by the Yellow Cab Company reflecting the operation of the San Francisco division only.

Explanation of Vote.

Supervisor Dobbs stated that he was going to vote against the legislation because he did not believe that it was appropriate to say that there was no set basis for the determination of a rate of return, and, also, he did not believe that the Board had before it what the State Public Utilities Commission required when it made a determination as to whether a rate increase should be granted.

Supervisor Zirpoli remarked that he could not see anything unreasonable in the method used in determining the profit or loss of the taxicab companies and he would vote for the rate increase.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McCarty, Rolph, Sullivan, Zirpoli—9.

No: Supervisor Dobbs—1.

Absent: Supervisor McMahon—1.

Ordered Submitted.

The following recommendations of Judiciary Committee were taken up:

Charter Amendment—Adding Section 165.6, to Provide that the Board May, by Ordinance, Prescribe Conditions According to Which Employees, Other than Members of the Fire and Police Departments, May Become Eligible for Benefits Under the Federal Old Age and Survivors' Insurance Provisions of the Federal Social Security Act, on a Basis of Integration With Benefits Under the Retirement System.

File No. 6713-8

Supervisor Rolph explained that the matter has been pending before the Judiciary Committee for a period of three years and this measure is known as Plan C, or 50% Integration Plan; that it has the support of employee associations and lack of opposition from down town groups, and will result in an initial saving of over one and a quarter million dollars to the City and County; that because of the complexities of the law involved the proposal could not become effective until 1961.

Ordered submitted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ferdon, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan—10.

Absent: Supervisor Zirpoli—1.

Charter Amendment—Amending Sections 168.1.2, 168.1.3, 168.1.5, 168.1.7 and 168.1.10, to Grant Additional Retirement and Death Allowance Benefits for Members of the Police Department.

File No. 544-58

Supervisor Rolph explained that the charter amendment provides retirement for members of the Police Department after 25 years' service, and would entail additional annual costs to the City and County of over one million dollars.

Supervisor Dobbs criticized the proposed amendment on the grounds that it would provide retirement when the officer is at the prime of his career, and that other classes of city employees would seek identical benefits in the future, if the matter were passed by the people.

Motion to Re-refer.

Thereupon Supervisor Dobbs moved, seconded by Supervisor Ferdon, that the pending charter amendment be re-referred to the Judiciary Committee with the suggestion that the benefits therein established be applied to other city employees.

Supervisor Casey was opposed to re-reference to Committee because the measure would then be unable to appear on the November ballot and a year's delay would ensue.

Motion to Amend.

Supervisor Halley, seconded by Supervisor Blake, moved that the following amendment be inserted on page 5, end of first paragraph, of said charter amendment: "after attaining the age of 50 years."

Supervisor Rolph stated that such an amendment would necessitate another actuarial report as well as a report from the Controller's office, which would preclude action by the Board in time for the November election.

Thereupon Supervisor Halley withdrew his amendment.

The roll was thereupon called on the motion to re-refer to committee and it *failed to carry* by the following vote:

Ayes: Supervisors Dobbs, Ferdon, McMahon—3.

Noes: Supervisors Blake, Casey, Ertola, Halley, McCarty, Rolph, Sullivan—7.

Absent: Supervisor Zirpoli—1.

The roll was thereupon called on the measure and it was *ordered submitted* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McCarty, Rolph, Sullivan—8.

Noes: Supervisors Dobbs, McMahon—2.

Absent: Supervisor Zirpoli—1.

Charter Amendment—Amending Sections 171.1.5.1 and 171.1.7, to Grant Additional Retirement and Death Allowance Benefits for Members of the Fire Department.

File No. 547-58

Report on Cause of Odor on James Lick Freeway in San Mateo County, Near Brisbane.

Supervisor Ertola stated that the Chief Administration Officer had made a study of the cause of the odor on the James Lick Freeway in San Mateo County, near Brisbane, and requested that said report be presented to the Board.

Mr. MacPhee, Chief Administrative Officer, reported as to the steps that had been taken to discover the cause of the odor and the remedial action that had been taken. He stated that he had come to the conclusion that the odor resulted from raw sewage and chemical wastes being dumped into the lagoon at that point, and the State Department of Public Works, in constructing the freeway, failed to install sufficient culverts to carry such deposits out into the Bay waters and thoroughly flush the lagoon. He further remarked that the Bay Area Water Pollution Board ordered the people who are dumping into the lagoon to cease and desist, but that even if the dumping were stopped the odor would remain for a number of years unless ways were found to bring sufficient bay water into the lagoon to clean it.

Motion Adopted.

Supervisor Ferdon, seconded by Supervisor Ertola, moved that the President of the Board of Supervisors, as the Board's representative on the San Francisco-San Mateo Mutual Problems Committee, inform said Committee of the Chief Administrative Officer's findings as to the cause of the odor with the view to formulating a recommendation for appropriate action by the respective authorities of San Francisco and San Mateo Counties, including the legislative bodies thereof, to obtain remedial and corrective action.

Supervisor Ertola suggested that the matter be left in the hands of the Public Health and Welfare Committee for the purpose of further investigation and study and the preparation of legislation looking to the correction of the situation.

The following recommendations of Streets Committee were taken up:

(Supervisor Ferdon dissenting.)

Ordering the Improvement of Yosemite Avenue Between Keith and Jennings Streets; and Providing City Funds in Amount of \$12,000 for Payment of 60 Per Cent of Project Cost.

File No. 107-58-8, Ordinance No.

Supervisor Ferdon explained that he was opposed to the recommendations because he believed that the City should contribute funds representing only 50 per cent of the project cost.

Supervisor Ferdon, seconded by Supervisor Zirpoli, moved that the legislation be amended by decreasing the amount of City funds contributed to a figure which represents 50 per cent rather than 60 per cent of the project cost.

Mr. Whaley, representing the Department of Public Works, explained that, in accordance with the formula followed by the Department, the amount of the City's contribution had been established at 33 $\frac{1}{3}$ per cent.

Supervisor Dobbs stated that inasmuch as the figure fixed for the City's contribution was an arbitrary one he was going to vote against the motion and he was in favor of approving an amount in accordance with the formula as heretofore adopted by the Department of Public Works.

Motion defeated by the following vote:

Ayes: Supervisors Casey, Ertola, Ferdon, McCarty—4.

Noes: Supervisors Blake, Dobbs, McMahon, Rolph, Sullivan, Zirpoli—6.

Absent: Supervisor Halley—1.

Supervisor Zirpoli, seconded by Supervisor McMahon, moved that the legislation be amended by decreasing the amount of City funds contributed to a figure which represents 33 $\frac{1}{3}$ per cent rather than 60 per cent of the project cost.

Supervisor Ferdon stated that he would like an opinion from the Department of Public Works as to whether or not it intends to continue with the formula of providing 33 $\frac{1}{3}$ per cent of costs of public improvements where there are exceptional hardship circumstances.

Clerk directed to comply.

Motion defeated by the following vote:

SPECIAL ORDER—2:00 P.M.**Public Hearing on the Adoption of the Tentative Plan for the Redevelopment of Embarcadero-Lower Market Redevelopment Project Area E-1.**

File No. 898-58.

Mr. Alioto, Chairman of the Redevelopment Agency, explained that the plan had been prepared by the firm of Skidmore, Owings & Merrill and that it had been thoroughly discussed with representatives of the various organizations concerned.

Mr. John Rogers, representing Skidmore, Owings and Merrill, stated that the Tentative Plan consisted of two parts, one the maps and two the text; and explained the land use proposal and street usage which included the streets that were to be closed and those that were to be widened.

Mr. Lapham, President of the City Planning Commission, stated that the Commission was given the Tentative Plan after it had been approved by the Redevelopment Agency and the Commission, by resolution, approved it.

Communications.

The Clerk presented a communication from the Director of the Redevelopment Agency, transmitting copy of letter from Agency Member John L. Merrill declaring his interest in certain property located within the Embarcadero-Lower Market Redevelopment Area E-1.

The Clerk presented a communication from McClintock-Stern Co., Inc., requesting that the Tentative Plan for Redevelopment Project Area E-1 be modified by deleting therefrom Blocks 230, 231 and 232.

The Clerk presented a communication from the Associated Fruit & Produce Dealers of San Francisco and Wholesale Fruit & Produce Dealers Association of San Francisco, urging that a definite policy be established relative to the removal of the produce market from Redevelopment Project Area E-1.

The privilege of the floor was granted to the following.

Andrew J. Gallagher, representing the Southern Promotion Association, who inquired as to the type of redevelopment that would be done in the South of Market Area.

Mr. Alioto explained that the project area was all north of Market Street and did not extend into the South of Market Area.

Albert Monaco, representing the Produce Industry, urged that some steps be taken to provide that the produce firms would be moved as a whole and not on a piecemeal basis.

Mr. George S. Hill urged the Board to approve the Tentative Plan.

Mr. G. L. Fox, Vice President and General Manager of the Chamber of Commerce, urged approval of the plan on behalf of the business interests of San Francisco, and supported the suggestion that the Produce Market be moved as an entity.

Mr. Jerd Sullivan, representing the Blythe-Zellerbach Committee, stated that the plan of the Redevelopment Agency was worthy of approval by the Board of Supervisors.

Charles A. Christin, representing the Apartment House Association Consolidated of San Francisco, remarked that his association was opposed to the plan because it believed that it was premature and had not been given sufficient consideration; also that insufficient information had been secured with respect to the amount of piling that would be required and it was doubtful that private capital would be willing to participate in the project.

Reginald Hearn, representing the Non-Produce Property Owners Association, stated that his organization wished to go on record as opposing the plan on the basis that the people should be permitted to rehabilitate their own property.

Arthur J. Fritz, President of the Non-Produce Property Owners Association, stated that he was opposed to the plan because he believed that the plans were already outmoded.

Henry Claussen, Attorney-at-Law, requested that the Plan be modified by eliminating Blocks 230, 231 and 232 as they were included in error and the error had been perpetuated; also, he did not believe that the appraisals of the property were realistic.

In response to inquiry by Supervisor Zirpoli, Mr. Alioto remarked that if these three blocks were eliminated the whole program would have to be rejected as being economically unfeasible.

Albert Jacobs, produce market owner, stated that he did not believe the Plan should be approved until a definite coordinated financial plan can be submitted at a future date.

Motion to Recess.

The Chair suggested that the Board consider the advisability of recessing the meeting at a reasonable hour for dinner and conclude the hearing in the evening.

Supervisor Halley, seconded by Supervisor Ertola, moved that the Board recess at the hour of 6:00 p. m. and reconvene at 7:45 p. m.

No objection and motion *carried*.

Supervisor Ferdon Excused From Attendance.

Supervisor Ferdon requested that he be excused from attending the evening meeting.

No objection and request *granted*.

Julian Barnett, owner and manager of the Barnett Printing Company, expressed opposition to the Plan because no consideration was being given to the printing industry.

Alan K. Browne, Vice President, Bank of America, urged approval of the Plan and stated that it was only the Tentative Plan and there would be further hearings on the proposal at which any difficulties could be ironed out.

The Chair inquired if there was anyone in the audience who had not been heard who desired to be heard at this time.

There being no response the Chair declared the public hearing concluded.

In response to inquiry by Supervisor Halley, Mr. Alioto stated that if the three blocks heretofore mentioned were deleted the financial planning would be upset; the block that is under the jurisdiction of the Port Authority is on the fringe of the area and it was planned to use it for parking purposes. The Redevelopment Agency has been informed that the Port Authority could sell the property.

The Chair remarked that a number of people were interested in the "Right to Work" legislation and requested an expression from the Board as to when they desired to consider it.

Supervisor Sullivan, seconded by Supervisor Ertola, moved that the "Right to Work" legislation be considered as the first order of business when the Board reconvened.

No objection and motion *carried*.

RECESS.

The Board, at the hour of 6:05 p. m., recessed.

RECONVENING OF BOARD.

The Board reconvened at the hour of 8:00 p. m.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Ertola, Halley, McCarty, Rolph, Sullivan, Zirpoli—8.

Absent: Supervisors Dobbs, Ferdon, McMahon—3.

Quorum present.

President Francis McCarty presiding.

Supervisor Dobbs excused from attendance.

Supervisor Ferdon excused from attendance.

Supervisor McMahon on authorized leave of absence.

Taken Up Out of Order.

Adopted.

Pursuant to previous motion of the Board the following recommendation of County, State and National Affairs Committee, with Supervisor Halley abstaining from voting, was taken up:

Opposing Proposition No. 18, Right to Work Law, on the November, 1958 Ballot.

File No. 855-58, Resolution No. 862-58.

Communication.

The Clerk presented a communication from Supervisor McMahon, stating that if she had been present at the meeting she would have voted in the affirmative on the adoption of the resolution.

Filed.

Motion to Amend.

Supervisor Zirpoli, seconded by Supervisor Sullivan, moved that the fourth "Whereas" be amended by deleting therefrom the words "become substandard; and" and adding in lieu thereof the words "do not maintain the high standards achieved and presently existing in California, and that except for the words "now, therefore, be it" the entire fifth "Whereas" be deleted.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McCarty, Rolph, Sullivan, Zirpoli—8.

Absent: Supervisors Dobbs, Ferdon, McMahon—3.

Explanation of Vote.

Supervisor Halley stated that when the matter was in committee he abstained from voting because he was of the opinion that the Board should not vote on such matters, but that he would vote for the adoption of the resolution.

Privilege of the Floor.

The privilege of the floor was extended to former Mayor Roger D. Lapham.

Mr. Lapham stated that he was in favor of Proposition No. 18 and he was of the opinion that the enactment of such a law would not only benefit the working people but also the unions, and urged the Board not to pass the resolution but leave it to the people to decide.

Explanation of Vote.

Supervisor Blake stated that he was going to vote for the resolution because he did not believe that Proposition No. 18 would do anything but destroy unionism in California, and there is nothing in the Proposition that would benefit the employer.

Supervisor Rolph stated that he was going to vote for the resolution because it would be a very serious mistake to adopt the legislation on an initiative basis as it would be too difficult to amend it if it should be faulty in any manner.

Supervisor Zirpoli remarked that he was going to vote for the resolution because he felt that the question of labor abuses was irrelevant to the actual proposition involved, and inasmuch as all employees would receive the same benefits they had in the past they should all share in the expense to obtain them.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McCarty, Rolph, Sullivan, Zirpoli—8.

Absent: Supervisors Dobbs, Ferdon, McMahan—3.

Passage for Second Reading

Approving and Adopting Tentative Plan for Embarcadero-Lower Market Redevelopment Project Area No. E-1, Establishing and Designating Area as Embarcadero-Lower Market Approved Redevelopment Project Area No. E-1.

File No. 898-58-1, Ordinance No.

Supervisor Sullivan, seconded by Supervisor Ertola, moved passage for second reading.

Supervisor Halley inquired of City Attorney as to whether the Board, in approving the Tentative Plan, would be delegating its legislative powers with respect to vacating or developing street areas.

Mr. Blanchard, Deputy City Attorney, explained that the Board would still retain its legislative powers.

In response to inquiry of Supervisor Halley, Mr. Carew, Deputy City Attorney, stated that the Board would not be obligating itself to voting for funds for the program, and the Board could do what it deems necessary. The Board will retain power to reject at any stage.

Supervisor Halley, seconded by Supervisor Ertola, moved that the matter be re-referred to the Redevelopment Agency and the City Planning Commission in order that a report may be submitted on the preliminary financial analysis of the proposed redevelopment and proposed rent ranges on properties for residential use.

Supervisor Halley inquired whether or not the preliminary figures involving the financial analysis include the cost of necessary pilings for the residential buildings.

Mr. Rogers replied that they included the pilings but not for the construction of buildings on a slab.

Supervisor Halley asked if the figures set forth in this proposition for residential structures in Project Area E-1 included structures supported by sufficient pilings to conform to the codes of the City and County of San Francisco.

Mr. Rogers answered that the figures in the report are in two parts: (1) the proposed rent range to indicate the type of housing proposed; (2) financial analysis which is the financial analysis of the entire redevelopment, the cost of the piling is reflected in the cost of the land for resale. The report of Dames and Moore is in accordance with the cost as much as it is possible to make it because of the condition of the soil.

Supervisor Halley asked how the soil check was made.

Mr. Rogers replied that they had asked Dames and Moore to supply an estimate based on the information available from the City and County records and in their own office as a result of their practice, that included test borings for the Embarcadero Freeway; and while no particular test borings were made for the redevelopment area, due to past experience and records available, the general nature of the depth of the borings was known by them.

The Chair suggested that if there was any information in the report as to the cost of pilings, it be pointed out to the Board.

Mr. Rogers stated that in the financial analysis on page 14, there is an indirect expression but no direct reflection of the piling cost in the estimate. The pre-use of the estimated piling costs was taken into consideration; that was done by estimating the probable resale of the land and other items and working down to what the land should bring for usage under the plan.

The Chair inquired as to where the cost of piling was set forth on page 14.

Mr. Rogers answered that they were not reflected in any of the figures on page 14; there are no complete costs in those figures because those costs fall on the private developer.

Supervisor Halley requested permission to withdraw his pending motion.

No objection and motion withdrawn.

Supervisor Halley, seconded by Supervisor Ertola, moved that consideration be continued for one week and documentary information be furnished relative to cost per unit or square foot of the buildings that are going to be included in the residential area.

Mr. Rogers stated that the estimated cost of the entire residential area including apartment towers and garages, landscape and parking lot, exclusive of land is approximately \$34,505,000 which includes piling cost of \$2,242,000; land cost is about \$2,975,000; bringing total expenditure to approximately \$37,480,000.

Supervisor Halley requested permission to withdraw his motion.

No objection and motion withdrawn.

Supervisor Halley stated that between now and next Monday he would like to receive a statement as to the exact cost, together with the number of units in the proposed development and probable gross income.

Mr. Alioto remarked that before the submission of the final plan there would be submitted a cooperation agreement which will contain the precise obligation of the City and the amount of money required to be put up by the City and the amount of work the City will agree to do. In the final plans the City's share will be certified to by the Controller. At the present time the Redevelopment Agency does not have information relative to the cost of construction of commercial properties.

Upon being informed that no provision had been made for the inclusion of schools, Supervisor Halley requested that the Clerk direct a communication to the Unified School District to ascertain whether or not they had given any consideration to the construction of schools in or adjacent to the Redevelopment Area.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, McCarty, Rolph, Sullivan, Zirpoli—6.

Noes: Supervisors Ertola, Halley—2.

Absent: Supervisors Dobbs, Ferdon, McMahon—3.

Reference to Committee.

Declaration of Policy—Removal of Members of the Wholesale Produce Industry From Premises They Now Occupy if Said Premises Are Acquired for the Redevelopment of Project Area E-1.

Supervisor Zirpoli presented:

File No. 898-58-3, Resolution

Supervisor Zirpoli, seconded by Supervisor Sullivan, moved adoption.

Supervisor Halley requested referral to Committee, due to its complex and technical nature, and that the resolution be prepared and approved as to form by the City Attorney.

Referred to Public Buildings, Lands and City Planning Committee, with direction that it be reported back to the Board on Tuesday, October 14.

Explanation of Vote.

Supervisor Halley stated that in view of the fact that the Superintendent of Schools has informed the Board that the Board of Education has received no request to give consideration to the feasibility of constructing a school for the accommodation of children living in the area, he was going to vote against the legislation.

The privilege of the floor was granted to Mayor Christopher, who urged the Board to enact the legislation because failure to do so might endanger the allocation of Federal funds for this purpose.

The Mayor presented a communication setting forth his views on the subject and explaining his reasons for urging immediate approval of the legislation.

Motion lost for want of a second.

Supervisor Zirpoli suggested that an investigation should be made of all downtown blocks to determine whether or not it would be advisable to install crosswalks on them.

Supervisor Halley requested that the Director of Public Works and the Police Department submit a report on February 1, 1959, after the crosswalk has been in operation through the Christmas holidays, advising the Board as to their opinion with respect to the continuance or discontinuance of the crosswalk.

Supervisor Dobbs requested permission to withdraw his motion.

Authorizing Purchase of Real Property from Laurence J. Dulbecco, et ux., for \$39,000, Required for the Crosstown Freeway.

File No. 840-58, Resolution No. 927-58.

Supervisor Halley, seconded by Supervisor Sullivan, moved adoption.

Supervisor Zirpoli stated he was going to vote against the legislation because he felt that, as a matter of policy, if the Crosstown Freeway was in the dim future there was not sufficient information to show that the land was absolutely necessary for the Freeway and the Board should not deviate from its heretofore adopted policy of not acquiring any additional land for the Crosstown Freeway.

Supervisor Ferdon stated that he believed the equities called for the purchase of the property, and he would vote affirmatively thereon, but he would not vote for the acquisition of any additional lands for the project.

Supervisor Dobbs remarked that although he was in sympathy with the property owner he believed the Board had reached the stopping point in acquiring property for the Crosstown Freeway and he would vote against the legislation.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan—9.

Noes: Supervisors Dobbs, Zirpoli—2.

Passage for Second Reading.

The following from Finance Committee, with recommendation "Do Pass After Amendment," was taken up:

Appropriating \$10,000, Superior Court, Grand Jury, for Conduct of Investigation of the San Francisco Municipal Stadium Transaction.

File No. 968-58, Ordinance No.

Proposed amendment is as follows:

Reduce amount of appropriation from \$10,000 to \$5,000;

Change wording in Section 1 to read, in part, as follows:

. . . "for funds for land appraisers in connection with the Grand Jury investigation of the stadium transaction, said appraisers to be approved by the Presiding Judge of the Superior Court."

Supervisor Dobbs, seconded by Supervisors McMahon and Halley, moved the amendment as printed.

Supervisor Ferdon stated that he was opposed to the entire legislation but if it was to be passed he did not believe the Grand Jury should be limited, but should be permitted to use the funds at its own discretion. Supervisor Ferdon based his opposition on the following reasons: (1) That the Chief Executive approved the appropriation but stated it was a waste of money, and (2) he had read reports that various members of the Board considered it a waste of money.

Supervisor McCarty urged the Board to vote in favor of the amendment and the legislation because while the conduct of the City in obtaining the big league franchise has been the subject of nationwide complimentary commentary, the action of the Grand Jury gave the impression that there was something wrong with the proposition and it can be cleared only by an investigation vindicating the people involved.

Supervisor Zirpoli explained that he was voting for the legislation but only with great reluctance because he believed all of the sessions should be open public hearings and the people should be entitled to know just what was transpiring from day to day, and the Grand Jury was doing a disservice to San Francisco in holding secret hearings.

Motion to amend *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—10.

No: Supervisor Ferdon—1.

Supervisor Ertola, seconded by Supervisor Zirpoli, moved adoption.

In response to inquiry Supervisor McMahon stated she believed that unless the City had a particular matter to bring up at the Conference there would be no benefit in a member of the Board attending because San Francisco would be well represented by the delegation from the Bay Area Air Pollution Control District.

The Clerk presented communications from Scrap Iron, Metal, Salvage and Waste Material Workers, Local No. 965; Building Material & Construction Teamsters' Union, Local No. 216; Associated General Contractors; International Hod Carriers Building and Common Laborers' Union; Institute of Scrap Iron & Steel, Inc.; Northern California Building Wreckers and Salvage Association, Inc.; Jos. Levin & Sons and Operating Engineers, Local No. 3, expressing opposition to the Board's immediate action on the proposed legislation.

Ordered filed.

Supervisor McMahon, seconded by Supervisor Blake, moved Passage for Second Reading.

The Chair stated it had inquired of the City Attorney as to the procedure to be followed and it had been informed that, inasmuch as the legislation did not come from committee with a recommendation, in order to avoid any legal complication the Board should resolve itself into a Committee of the Whole.

Supervisor Sullivan, seconded by Supervisor Casey, moved that the Board resolve itself into a Committee of the Whole.

In response to inquiry by Supervisor McMahon, Mr. Blanchard, Deputy City Attorney, stated that it was not necessary to follow this procedure on all matters but it was his recommendation that all matters called from committee should be considered by a Committee of the Whole. Although the Charter provides that there must be a report from the committee in the principal case there could not be any report because there were only two members present at the meeting and they were of different opinions.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—10.

Absent: Supervisor Ertola—1.

Supervisor Ferdon, seconded by Supervisor Zirpoli, moved that one-half an hour each be allowed to the proponents and opponents for presentation of their case and 15 minutes be allowed each side for rebuttal.

Supervisor Halley questioned the right of the Board to limit time of speaker.

Mr. Blanchard stated that there was no rule on the matter and he believed the time could be limited.

Supervisor Ferdon requested permission to withdraw his motion.

No objection and motion *withdrawn*.

The Chair explained that those who desired to speak would be given an opportunity to be heard, except that in the presentation for each side no speaker should repeat the same point and the discussions would not be permitted to be prolonged.

The privilege of the floor was granted the following proponents:

Benjamin Linsky, Air Pollution Control Officer of the Bay Area Air Pollution Control District;

Scott Kellogg, representing Buck Dougherty Company;

Mrs. Eugenia Manning, representing the Bret Harte Improvement Club;

Lou Jolly, representing Reis and Paul Improvement Club;

Mrs. Elizabeth Lacey.

Opponents:

Andrew J. Gallagher, representing the Southern Promotion Association;

James E. Hatfield, representing San Francisco Salvage Company;

Richard E. Doyle, representing Associated Home Builders;

Al Mailloux, representing San Francisco Building Trades and Construction Council;

Jack Sprite, International Representative of Laborers' Union.

Upon the statement of the speaker that the Recreation and Park Department were burning debris in the open at the three golf courses, Supervisor Blake requested that a communication be sent to the Mayor informing him of this alleged fact with the suggestion that he inform the Recreation and Park Department of the policy of the city against open air burning.

George Mendoza, Business Agent, Scrap Iron, Metal, Salvage and Waste Material Workers;

John McLaughlin, representing the Park Employees' Union;

Terrance O'Sullivan, Business Representative, Construction Laborers' Union;

John B. Winter, President, Northern California Building Wreckers and Salvage Association, Inc.;

Max Hollander, representing Bayshore Wreckers;

J. Warnack Walsh, Jr., representing San Francisco Salvage Corporation.

Rebuttal time was allowed each side.

Supervisor Halley, seconded by Supervisor Ferdon, moved that the Committee of the Whole rise and report.

No objection and motion *carried*.

Supervisor Sullivan, seconded by Supervisor Casey, moved that the legislation be re-referred to the Public Health and Welfare Committee for further study.

Motion refused adoption by the following vote:

Ayes: Supervisors Casey, Sullivan—2.

Noes: Supervisors Blake, Dobbs, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan—8.

Absent: Supervisor Ertola—1.

Supervisor Halley stated that he was going to vote for the ordinance because he believed it was better to keep it within the City and County, and the Board would still reserve the right to either amend or repeal the legislation.

Supervisor Casey stated that he was going to vote against the measure because he felt it would be injurious to a number of business concerns who had been operating for years, and, inasmuch as they had asked only for a little time within which to determine the corrective steps that should be taken, he believed the matter should not be passed at this time.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Dobbs, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—9.

No: Supervisor Casey—1.

Absent: Supervisor Ertola—1.

Supervisor Halley requested that the City Attorney prepare legislation granting permission to encroach upon the sidewalk area of Stockton Street by the construction of the ramp; and also such legislation that will provide for the modification of the street as a result of said construction.

There being no objection, the following recommendation of Public Buildings, Lands and City Planning Committee, heretofore considered, was taken up:

(Supervisor Zirpoli dissenting)

Amending Comprehensive Zoning Ordinance by Adding Section 22 Thereto, Relating to Floor Area Ratio.

File No. 4608-2, Ordinance No.

The Clerk presented a communication from the San Francisco Real Estate Board approving the recommended 20 to 1 ratio.

Ordered filed.

The Clerk presented a communication from the San Francisco Planning and Housing Association urging the enactment of a 16 to 1 ratio.

Ordered filed.

Supervisor Dobbs explained it was the thinking of the majority of the committee that inasmuch as there was so little land left in San Francisco for building purposes and the only way to build was up, no restrictions should be placed on the builders.

Supervisor Zirpoli stated that he dissented from the majority recommendation because he was of the opinion that a 16 to 1 floor area ratio would not restrict the size of buildings.

James McCarty, Director of Planning, showed pictures of new building construction in New York and informed the Board that they could all be built under a 16 to 1 floor area ratio.

Roger D. Lapham, Jr., President, City Planning Commission, remarked that the legislation was not a height limitation ordinance but was an attempt to give builders sufficient flexibility to permit downtown development of San Francisco.

Supervisor Zirpoli, seconded by Supervisor Rolph, moved that the legislation be amended by reducing the floor area ratio of District C-3 from 20 to 1 to 16 to 1.

Motion refused adoption by the following vote:

(Proposed amendment is as follows:

Reduce amount of appropriation from \$37,777 to \$33,000.)

Supervisor McMahon, seconded by Supervisor Halley, moved the amendment as printed.

No objection and motion *carried*.

Supervisor Ferdon called attention to the condition of the road running through Lincoln Park to the California Palace of the Legion of Honor, and requested that the Clerk direct a communication to whichever department has jurisdiction calling this matter to their attention and asking that steps be taken to repair the roadway.

The Chair explained that the Chief Administrative Officer would look into the matter to determine jurisdiction and if it was under the Recreation and Park Commission he would take steps necessary to transfer it to permit the improvement to be made with Gas Tax Funds.

Subsequently during the meeting the Chair informed the Board the Chief Administrative Officer had advised him that the Department of Public Works will shortly file with the Board a request that the roadway to the California Palace of the Legion of Honor be included in the list of streets for which Gas Tax Funds can be expended for improvement.

Passed for Second Reading by the following vote:

File No. 42-58-1, Resolution No. 1074-58.

(Proposed amendment is as follows:

"FURTHER PROVIDED, That the General Manager of the San Francisco Water Department and the presidents of the respective boards of supervisors participate in the selection of the proposed route of the parkway; that it be stipulated that no real property now privately owned within the City and County of San Francisco shall be acquired or used for the purposes of said parkway; and that San Francisco be not obligated to appropriate or expend any funds additional to those mentioned herein in the absence of further express authorization therefor.")

The Clerk presented a communication from the San Mateo County Board of Supervisors advising that they had postponed consideration of the legislation for one month pending appointment of the new member of their Board.

Ordered filed.

Supervisor Dobbs, seconded by Supervisor Sullivan, moved reference to the Joint Committee.

Supervisor Halley, seconded by Supervisor Sullivan, moved as a substitute that consideration of the legislation be continued until the second Monday in January, 1959.

Supervisor Dobbs requested permission to withdraw his motion.

No objection and request *granted*.

Supervisor Blake stated that he was going to vote against the motion because he believed that San Francisco should assume leadership in this matter.

Supervisor Ferdon remarked that he was going to vote against the motion because he felt that if San Francisco adopted the legislation it would indicate that it was wholeheartedly in support of the program, but if we wait the other counties might not take any action.

Supervisor Halley explained that he was in favor of appropriating the necessary money whenever the other counties were ready, but he did not think that San Francisco should act until the other counties had acted.

Supervisor McCarty stated that he was going to vote against continuance because if each county took the position that no action be taken until some other county had acted nothing would ever be accomplished.

Motion *defeated* by the following vote:

Ayes: Supervisors Dobbs, Halley, McMahon, Sullivan—4.

Noes: Supervisors Blake, Casey, Ertola, Ferdon, McCarty, Zirpoli—6.

Absent: Supervisor Rolph—1.

Supervisor Dobbs, seconded by all members of the Joint Committee, moved the amendment as printed.

Supervisor Dobbs explained that he did not see why the matter could not be held on the calendar until January, and accordingly he was going to vote against the adoption of the legislation.

Motion to Amend.

Supervisor Halley, seconded by Supervisor Ertola, moved that in the fourth "Whereas" and in the "Resolved" the figure 1.9 be changed to .19.

Ayes: Supervisors Dobbs, Ertola, Ferdon, Zirpoli—4.

Noes: Supervisors Blake, Casey, Halley, McCarty, Rolph, Sullivan—6.

Absent: Supervisor McMahon—1.

Supervisor Zirpoli explained that he voted to continue the matter so that he could secure additional information.

Mr. Norman Wolff, Deputy City Attorney, explained that the City did not own the fee to the street area. The only issue involved was whether or not the Board would be required to approve the vacation of a portion of Hanover Street, and it was his opinion there would be some question as to whether or not the City would be successful in the event of litigation.

Supervisor Ferdon stated that he believed the matter should be determined by the courts.

Mr. Jaqueth, representing the State Allocation Board, remarked that although the Allocation Board has decided that no funds would be released for purchase of property in San Francisco, the original appropriation for the entire amount of land still has the Board's approval.

Supervisor Blake explained he was going to support the legislation because he felt if the City went into court, the courts might permit the Jefferson Elementary School District to acquire all the property they had originally requested.

Supervisor Rolph stated that he believed a very satisfactory basis of compromise had been reached, and from a legal standpoint the Board should approve the legislation and not enter into litigation on the subject.

Mr. William Reed, representing the Assessor, advised the Board that the Assessor would continue to assess any land that might be acquired by the School District.

Supervisor Zirpoli explained, inasmuch as the failure to acquire the property would not affect the school program, he was going to vote against the legislation.

Refused adoption by the following vote:

Ayes: Supervisors Blake, Casey, Halley, McCarty, Rolph—5.

Noes: Supervisors Dobbs, Ertola, Ferdon, Sullivan, Zirpoli—5.

Absent: Supervisor McMahan—1.

The Chair announced that he was reactivating File No. 16186-3, Declaring the Policy of the City and County of San Francisco Not to Litigate Acquisition of Property Within the City and County of San Francisco for School Purposes, and he was referring it to the County, State and National Affairs Committee with the request that the Committee submit its report and recommendation thereon to the Board.

Request Granted.

Legal Opinion—Legality of Position of City and County of San Francisco in Matter of Acquisition of Property by the Jefferson Elementary School District.

The Chair concurred with the sentiments expressed, and informed Deputy City Attorney Blanchard to consider the matter and at as early a date as possible submit his opinion to the Board as to the legality of the declared policy of the Board with respect to the acquisition of said property by the Jefferson Elementary School District, but not including the vacation of any streets.

Supervisor McCarty thereupon requested that the Clerk direct a communication to the Foreman of the Grand Jury advising him that it would be appreciated by the Board of Supervisors if, when the Grand Jury makes its report on the baseball stadium investigation, it would append to the report the verbatim appraisals made by each appraiser engaged for that purpose.
